

## Will Rogers Remarks:

BEVERLY HILLS, June 6. (To the Editor of The Times.) The best inconspicuous humor of the week comes out of Washington as usual. The British Ambassador says no more liquor will be shipped in while he is there. Now here is the catch, he didn't say this until after his side had lost the election at home, which means that he will soon be out of a job. By declaring this he gets the next one in bad by having set a precedent, and incidentally not being entirely destitute of sentiment during the remainder of his short stay because there is enough on hand by economizing to last. Diplomacy is a great thing if it wasn't transparent.

Yours, WILL.

## WRATH OF VESUVIUS EXPENDED

Inhabitants Return to Abandoned Towns When Eruptions Subside

NAPLES, June 6. (AP)—Dozens of families returned tentatively to their abandoned homes in the village of Terzigno and the surrounding district this afternoon on publication of reassuring news from the Mt. Vesuvius Observatory that the flow of lava which the great volcano has been sending forth since Monday has decidedly diminished.

The huge wall of lava halted just outside Terzigno and the inhabitants believed that St. Gennaro, patron saint of Naples, intervened to stop it.

Earthquakes accompanied the volcanic eruptions this morning but did not cause any damage.

Troops still are maintained at all strategic points in the belief that the activity of the volcano is likely to increase.

A valuation of the damage caused by the eruption showed that fifty houses were destroyed, occupied by seventy families. One hundred and twenty-five acres of ground were covered with lava, of which about ninety were cultivated and in vineyards, and the rest forest.

The eruption showed that the volcano had been dormant for a long time. The eruption showed that the volcano had been dormant for a long time.

The eruption showed that the volcano had been dormant for a long time. The eruption showed that the volcano had been dormant for a long time.

## SHIP SEARCH CONTINUES

Tallman Aboard, Police Say

Escape of 'Brickbat' Murder Suspect at Bay City Now Discounted

Detectives Quiz Crew and Comb Boat as it Speeds North on High Seas

SAN FRANCISCO, June 6. (Exclusive)—Far from convinced that William Loren Tallman, accused "brick bat murderer" of beautiful Virginia Paffy, had fled from the steamship Admiral Benson, the trailers of the handsome young radio operator launched a man hunt on the high seas tonight as the ship sailed for the North.

This was the chief development of the day in the intensive search into the strange disappearance of Tallman while presumably under guard.

The unwritten law of the seas, which binds shipmate to help shipmate in any extremity, led the police of San Francisco and Lieut. Frank Connelley of the Los Angeles detective department to doubt any of the theories advanced for Tallman's strange disappearance: suicide at sea from remorse, a plunge overboard by the Golden Gate and a swim to shore, escape with the aid of a life preserver or life buoy, mingling with the passengers in disguise as they went ashore or a drop over the side of the vessel at the pier.

SEARCH SHIP AGAIN

Accordingly, as the ship prepared to cast off, Lieut. Connelley and Detective Michael Desmond of the San Francisco force went aboard, prepared to carry on still another search for Tallman, though the vessel twice had been combed by a squad of rifled police from truck to keel and from stem to stern.

The detectives announced that not only will every cranny of the Admiral Benson be searched but that the crew members will be systematically questioned.

"We have been informed," Lieut. Connelley said, "that a man could hide undetected aboard the Admiral Benson for three or four months, provided he had help from the crew and was provided with food."

As the Admiral Benson swung away from the pier here today, the police patrol took her down the coast, sea to low barometric pressure, that is, little likelihood of rain except in the extreme north of California and in the Northwest States, according to the local Weather Bureau.

Only showers are expected here, according to Forecaster E. H. Nowin.

The total precipitation for the twenty-four hours at San Francisco was .06 of an inch; Chico, .20 of an inch; Chico, .20 of an inch; Chico, .20 of an inch.

FAIR WEATHER FOR WEEK-END FORECAST

Yesterday morning's shower will not be repeated today nor tomorrow, the Weather Bureau forecast last night. Generally fair for the week-end, with moderate temperatures and clouds on the coast, is the prediction.

## "How DO They Do It?"

## WEATHER WILL STAY UNSETTLED

Little Likelihood of Rain Except in Extreme North of California

SAN FRANCISCO, June 6. (Exclusive)—Although the weather will remain unsettled tomorrow on the Pacific Coast, sea to low barometric pressure, that is, little likelihood of rain except in the extreme north of California and in the Northwest States, according to the local Weather Bureau.

Only showers are expected here, according to Forecaster E. H. Nowin.

The total precipitation for the twenty-four hours at San Francisco was .06 of an inch; Chico, .20 of an inch; Chico, .20 of an inch; Chico, .20 of an inch.

FAIR WEATHER FOR WEEK-END FORECAST

Yesterday morning's shower will not be repeated today nor tomorrow, the Weather Bureau forecast last night. Generally fair for the week-end, with moderate temperatures and clouds on the coast, is the prediction.

While Compton, Hermosa, Manhattan, Redondo and Torrance all received sufficient precipitation to register, Los Angeles and Palms Verdes recorded only a trace, according to the Weather Bureau's chart. The temperature was 64 deg. at noon.

The following rainfall in inches was reported from various Southern California points up to 6 p. m. yesterday.

Compton . . . . . 24 Mrs. Brown 19.25  
Hermosa . . . . . 24 18.25  
Manhattan . . . . . 21 18.25  
Palms Verdes . . . . . 21 18.25  
Redondo . . . . . 21 18.25  
Torrance . . . . . 21 18.25

## CONVICT FLIES TO PRISON

Escaped Man Uses Plane to Escape Jealous Wife's Rage, He Tells Warden at Folsom

SACRAMENTO, June 6. (AP)—Reversing the refrain of the "Prisoner's Song" by winging his way by plane from Los Angeles to Folsom prison, Alex Patton, 30 years of age, an escaped convict, told the prison warden today and gave himself up to escape the vengeance of his jealous wife in Los Angeles, he told Warden Court Smith.

Patton arrived at the prison gate just before noon, identified himself as having escaped from a prison road camp in Kern county in 1923, and asked to again be locked up.

He fled from Los Angeles to Oakland and from Oakland to Sacramento by plane and used by taxi from Sacramento to the prison and arrived just a few minutes before Sheriff William Truesler of Los Angeles called to determine if he was wanted as an escaped prisoner.

Patton was sentenced to Folsom from Los Angeles for receiving stolen property in May, 1924, and his sentence fixed at four years. In June, 1925, he was sent to the Kern county road camp from which he escaped in August of that year with three other convicts.

Patton and his fellow-escapes went east, he said, and he returned to Long Beach in December, 1926, and obtained a position with an oil company there after assuming the name of E. R. Pierce.

He wooed, won and wed a Long Beach girl, he told Warden Smith, the marriage taking place after he had told the girl of his record as a convict and that he was sought as an escaped convict. They lived happily for a time.

HE TELLS FLIGHT

A short time ago, he said, his wife became jealous of his mother, for whom he was caring and demanded that he either "give up" his mother or turn over to her all his property and the home they had purchased or she "would kill."

Patton said he talked it over with his mother, employer and an attorney and that it was decided he should return to Folsom to continue serving his sentence.

This decision, he told the warden, brought about the necessity of speedy execution of his plan to surrender before the jealous wife "turned him in" so he literally flew back to prison.

## HOOVER URGES TRANSFER OF RUM CONTROL DUTY

Placing Dry Enforcement in Hands of Justice Department Asked in Message to Congress

WASHINGTON, June 6. (AP)—President Hoover today took the second step in carrying out his law enforcement observance program by recommending to Congress the appointment of a joint committee of the House and Senate to frame legislation transferring the major activities of prohibition enforcement from the Treasury to the Justice Department.

Coincidentally his recently created national law enforcement commission in its first hearing—a secret session—heard Secretary Mellon, upon whom the major responsibility for the enforcement of the Volstead and other dry laws now rests.

A demand for open hearings by the commission was made in the Senate by Senator Hawes, Democrat, Missouri, who asserted that secret hearings "will defeat the object of the commission, will destroy confidence in the thoroughness of its work or the impartiality of its conclusions."

LEADERS ASK

Congressional leaders moved swiftly to carry out the recommendations the President submitted in a brief special message which disclosed a comprehensive program for the unification of Federal agencies dealing with enforcement of the laws.

President Hoover outlined his reasons for appointment of the joint committee in his message, read in the House by the clerks:

"In order to secure the utmost expedition in the reorganization and consolidation of the Federal Government, and to secure the most efficient administration of the Federal Government, it is recommended that a joint select committee be appointed by the House and Senate to study the question of the transfer of the enforcement of the laws of the United States."

TRANSFER INVOLVED

The subject involves the transfer of parts of various bureaus and agencies from certain departments to others and it includes as well the necessity for the unification and strengthening of the border patrol both in connection with prohibition and illegal entry of aliens.

The question embraces numerous laws and regulations in several bureaus. It will require extensive consideration which if given jointly by such committees of Congress and the departments prior to the regular session will save many months of delay.

Administration officials explained the President's regard for the importance of the enforcement agencies as highly important and that he had asked Congress to name a joint committee at this time so that a program could be made ready for consideration by Congress early in the regular session which begins December 2, next.

PRELIMINARY SURVEY

An interdepartmental committee has been making a preliminary survey of this question under the direction of James M. Dorian, prohibition commissioner, and it will co-operate with the Congressional committee as will the National Law Enforcement Commission, which in the course of its work will make a study of this whole question.

As administration officials explain it, the transfer of the enforcement machinery to the Justice Department involves an extensive study of existing laws and regulations as well as of policy in dealing with the Coast Guard and customs service which now are integral parts of the Treasury and were created early in the life of the Republic to deal with the administration and enforcement of the customs laws and regulations.

Whether these units may be administered to better advantage in the Treasury or the Justice Department is one of the major decisions which must be made to determine upon the whole transfer program.

## NEW PLANES "BURN" AIR

British Racers' Pace Terrific

Craft for Cup Contest So Fast That Pilot Must Wear Oxygen Mask

Test Flyer's Fingers Torn by Wind as He Reaches Out of Cockpit

LONDON, June 6. (Exclusive)—Despite the strict secrecy maintained on everything connected with the machines which will be used by Great Britain in the opening Schneider cup race, it is learned on excellent authority that the British planes, given their final test only three days ago, are the fastest things man ever has produced.

Barring accidents, the British designers expect to run away with the contest this year.

So terrific was the speed reached in secret tests this week that civilian testees all wore oxygen masks and each machine was fitted with two oxygen containers.

The army pilots who will guide the little planes in the Schneider race used new oxygen masks yesterday in further trials, and declared afterward that it will be necessary to wear them in the actual race because of the undreamed-of speed which the new machines are capable of reaching.

The new British planes resemble huge bullets, with a tiny cockpit in the body. Once the pilot is in his place there is hardly an inch to spare. Everything has been sacrificed to speed, and a forced landing means almost certain death to the pilot.

One curious incident occurred in one of the tests this week which demonstrates the remarkable speed of the new racing craft. One of the civilian pilots, unthinkingly moved his hand slightly above the radius of the cockpit. His heavy leather glove was ripped from his hand, and his fore and second fingers were split open to the bone.

Another pilot ran into a flock of birds. He just managed to land his machine before a wing collapsed. The machine was covered with large dents with the bodies of birds smashed all over it. When the engine was dismantled it was found that parts of the birds' bodies had been sucked into the air intake.

LEGISLATURE ASKS DE KING DEATH QUIZ

SPRINGFIELD (Ill.) June 6. (AP) A full and complete investigation of the killing of Mrs. Joseph De King in a dry raid in Aurora was recommended to the Illinois Legislature today by its special committee.

## LIQUOR NET TANGLES COUNT

Titled Frenchman and Thirty-two Others Arrested in Dramatic New York Raid

NEW YORK, June 6. (AP)—Thirty-three men, including a French count, were arrested today as operators of a syndicate asserted to have brought millions of dollars' worth of liquor into this country.

Maxence De Polignac, the Count, 40, which he furnished, and is considered the greatest catch of the lot. Agents of the prohibition enforcement department said they had been trying to get him for years.

The arrests were made in a series of raids carried out with all the trappings of stage melodrama. William Calhoun, chief of the undercover men in this district, picked forty of his assistants for the work, but gave them no instructions except to report at the "zero hour."

Not one of the raiders knew in advance what he was going to do, so the chance of a leak was minimized. When the agents gathered they were divided into ten groups, each group then being told to raid a separate place.

## EARLY COPY For Sunday Want Ads

Real estate want ads for Sunday should be placed or sent to The Times before noon Saturday—the new deadline for all real estate and kindred advertisements which appear in Part V of Sunday Times.

7:30 p. m. Saturday, as hereafter is the closing hour for all other Sunday want ads.

**DONOVAN CITES RIVER FORMULA**

Arizonans and Californians Given Water Plan

Chairman Calls Delegates to Breakfast Parley

New Proposals Outlined as Discussion Basis

WASHINGTON, June 6. (AP)—A new method of approach to the long-baffling problem of dividing the lower basin Colorado River waters was embodied in a formula submitted to the Tri-State conference today by Chairman W. J. Donovan.

The formula was an outgrowth of a meeting between Col. Donovan and the chairmen of the deadlocked California and Arizona commissions. After a spirited session Wednesday, Col. Donovan, attempting to foster an agreement by the process of "evolution, not compulsion," told the conferees that they had reached a "focal point."

**DIFFERENCES CITED**

He pointed out that the apparent difference between their water division "set-up" is the Gila River and suggested that one member of each commission meet with him in a subconference with a view of reaching some compromise based on this doggedly disputed point, and the chief cause of the deadlock.

To an early breakfast Col. Donovan invited the selected commissioners, John L. Bacon, California chairman, and Charles B. Ward, Arizona chairman; Senator Hayden of Arizona, and Representative Swing of California.

After breakfast the conference narrowed down to three—Donovan, Bacon and Ward. The result is a formula for approaching the problem which takes into account the chief contentions of both California and Arizona.

**FIRST PROVISION**

It allows California her basic claim that all of the lower basin waters, including the Gila, remain "in the pot." This is included in the first provision, which reads: "All of the available water in the lower basin of the Colorado River system is to be tabulated for the purpose of determining the total quantity available for use. From this amount will be deducted the following: (a) River loss in the main stream; (b) the Mexican burden; (c) the water to be apportioned to Nevada."

The second provision of the formula tells how the California portion should be calculated: "Divide the remainder (after deductions named above) equally for the purpose of determining what quantity of the water California may use out of the main stream from the 8,500,000 acre feet apportioned to the lower basin."

**ARIZONA GETS GILA**

The third provision gives to Arizona the Gila River, for which she has so long contended, refusing to sign both the seven-State and the tri-State compact until its waters are assured her, free of the Mexican burden.

Arrangement is made in the new formula for subtracting the Mexican burden before mentioning the Gila. Specifically, Arizona is dealt with in the formula as follows: "If Arizona agrees that California may have this quantity of water in the main stream, California will agree that Arizona may have the exclusive, beneficial consumptive use of the Gila and all other tributaries of the Colorado River in Arizona plus the remainder of the 8,500,000 acre feet in the main stream plus one-half of the surplus and unapportioned water in the main stream."

**ANSWER TODAY**

The provisions quoted constitute the complete plan. The California, Arizona and Nevada commissioners are given until 2:30 p.m. Friday to

**Two Witnesses in Leadville Dry Case Arrested**

DENVER, June 6. (AP)—Two of the government's star witnesses against twenty-four city officials and citizens of Leadville, Colo., on trial in the United States District Court here for conspiracy to violate the prohibition law were arrested today on suspicion of perjury. A third witness now is in jail as a result of his arrest last night.

Harry Shreder, formerly Sheriff of Las County, and Mary Snyder, operator of a dance hall at Leadville, were taken into custody following their appearance on the witness stand today. Paul Halmgram was arrested yesterday when he admitted dictating a letter from that given special government investigators a year ago preceding the raids which resulted in the arrest of the defendants.

**New Bills Now Before Governor Placed at 360**

SACRAMENTO, June 6. (Exclusive)—Gov. Young today has before him approximately 360 measures adopted by the last session of the State Legislature which he must act on within the next thirteen days.

The Legislature sent to the executive a total of 1186 bills, which is one more than the 1277 session. To date the Governor has acted on 746 measures.

Gov. Young says that of the remaining bills, one-half are of minor importance and the remainder present controversial aspects.

**Report of Ship Burning False**

LONDON, June 6. (AP)—A dispatch to the Exchange Telegraph Company from Tokyo today said the Japanese steamer Ugo Maru has arrived at Kamchatka, Siberia. Authorities are said to be investigating previous reports the vessel had burned and its crew of forty-three and 700 passengers lost.

The ship was under charter by the soviet fish trust and was bound for Kamchatka from Vladivostok. Soviet authorities in denying the mishap charge reports were spread to make it difficult to recruit other fishing crews.

**Dawes Arrives at Washington**

WASHINGTON, June 6. (AP)—Charles G. Dawes, former Vice-President and now Ambassador to Great Britain, arrived here today from Chicago and conferred with Secretary Stimson at the State Department.

Later Mr. Dawes and the Secretary of State were lunching with President Hoover at the White House. Mr. Dawes came here to receive final instructions before sailing from New York tomorrow.

**G.O.P. Jubilee Set for Today**

RIPON (Wis.) June 6. (AP)—Barring "democratic weather" more than 20,000 persons will squeeze into this little town of 700 tomorrow to begin celebrating the diamond jubilee of the Republican party.

For here, in the Congressional Church first and later in a little wooden schoolhouse, the party is said to have been given its name and its first ground work laid seventy-five years ago.

**PEOPLE STILL GO TO CHICAGO**

Conventions Flourish There, Says Chamber Official, Despite Gangsters

CHICAGO, June 6. (AP)—A lot of balderdash and tommyrot, this talk of people fearing to come to Chicago on account of the gunmen, says John L. Coyne of the Chamber of Commerce.

More conventions are being held this year in Chicago than ever before, said Coyne, and people attend them without the slightest fear of being assassinated.

Coyne picked a good day to emphasize the safety of life in Chicago, for at a late hour there had been only one slaying worth mentioning.

figure out this formula according to data given them by the Interior Department and also according to data gathered by their own engineering experts.

Col. Donovan pointed out that the new method of calculating the Colorado River waters is not obligatory but merely submitted "as a tentative basis for division of water." He presented an illustrative set of figures, but purposely refrained from carrying the argument through to their conclusion. He warned against the danger of crystallization in "cold figures" until the worth of the fundamental division principles underlying the new plan is worked out in conference.

The suggested formula gave a new impetus to the negotiations which apparently had almost reached a standstill, with neither side proferring definite suggestions and discussing only the tentative proposals of "neutrals."

**ARIZONA PROTESTS ON DONOVAN PROPOSALS**

PHOENIX, June 6. (AP)—Fred Coulter, president of the Arizona Highline Reclamation Association, in a telegram dispatched to the Arizona Colorado River Commission, today protested against the commission accepting the Donovan "compromise compact."

**CABINET PICKED BY MACDONALD**

New List of Ministers to be Published Today

Crowd Cheers Labor Premier on London Visit

Work Started at Once on Employment Problem

LONDON, June 6. (AP)—The new Labor Cabinet is understood to have been completed already and the list of new ministers will be made public tomorrow night. The first meeting of the new Cabinet will take place on Monday and immediately after that Premier Ramsay MacDonald will go to Scotland for a short holiday.

Mr. MacDonald, accompanied by two of his colleagues, Philip Snowden and J. H. Thomas, visited the Prime Minister's official residence, 10 Downing street, today. After the visit the Premier announced the Labor government already and started steps to deal with one of its greatest problems.

**MAIN TASK BEGUN**

"We went to Downing street," Mr. MacDonald said, "to set in motion organization work connected with the handling of the unemployment problem. Work has already begun."

The three Labor leaders spent an hour and a half with the secretarial staff at the Premier's official residence in the morning and returned in the afternoon. Mr. Baldwin, resigned Conservative Premier, was not present.

It was not certain tonight whether Mr. MacDonald will make number 10 Downing street his home. He was said to favor remaining in his semi-rural house at Hempstead for some time, and using Downing street only for official business. The heavy upkeep of these official residences makes great inroads on the salaries of ministers.

As Mr. Snowden was leaving Downing street he was cheered by a large crowd of people from the provinces and American tourists. His reception was mild, however, compared with that accorded Mr. MacDonald and Mr. Thomas.

**CABINET FORECAST**

Cries of "good luck," "good old Ramsay," and "Labor forever," greeted them, followed by hearty cheering. Both smiled and waved to the crowd.

Two appointments in the new Labor Cabinet may be considered definite. J. H. Thomas, former Minister of Colonies in the first Labor government, will become Lord Privy Seal, which is a sinecure office leaving him free to deal particularly with the whole problem of unemployment in all its economic bearings. Mr. Thomas was president of the National Union of Railway Men since 1918.

The other appointment is that of Lord Justice Sankey as Lord Chancellor.

It appears probable, though these positions are speculative, that the other chief offices will be filled as follows:

Philip Snowden, Chancellor of the Exchequer, the post which he held in the first Labor government; Arthur Henderson, Foreign Secretary, and John R. Clynes, Home Secretary.

**"SUNNY SOUTH AFRICA"**

**EXECUTIONERS TOURING CITIES**

Red Detail of Death Visits Ukrainian Centers

Cheka Chief Conducts Trials of Peasant Suspects

Supreme Penalty Imposed for Official Slayings

(Copyright, 1928, by the Chicago Tribune)

RIGA, June 6. (Exclusive)—Accompanied by a group of executioners from the Lubanka prison, Moscow, Acting Chief Commissar Jamoda of the state political police, known as the Cheka, is making a tour of Ukrainian cities and holding short trials of peasants accused of murders of Communist village officials during the last two months.

The list of executions ordered by M. Jamoda is published daily in the Ukrainian newspapers. During the past week fifty-two peasants from neighboring villages were shot at Khar'kov.

The Khar'kov Communist, commenting on M. Jamoda's trip, hopes that the shootings will intimidate the peasantry, which has assassinated 400 Communists since January.

After visiting a number of Ukrainian towns where additional executions are scheduled, M. Jamoda intends to visit Odessa, where thirty prisoners accused of plotting a peasant uprising are awaiting death sentence.

**CHICAGO WOMAN HURT IN FALL FROM CLIFF**

WINELOW (Ariz.) June 6. (AP)—Mrs. L. E. Dawson, 94 years of age, of Chicago, is under the care of a local physician today as a result of a fall from the side of a cliff at Two Guns, twenty-seven miles west of Winslow. Mrs. Dawson suffered a broken leg. She, with her husband, was driving to Chicago from Los Angeles.

**Seminary Head Made Emeritus**

CHICAGO, June 6. (AP)—Dr. Oscar S. Davis, retiring moderator of the National Council of Congregational Churches, has resigned as president of the Chicago Theological Seminary, which position he has held for twenty years. The board of directors elected him president emeritus of the seminary for life.

Dr. Carl F. Johnson, formerly minister of the First Congregational Church of Los Angeles, also has resigned to return to that church. He has been acting president of the seminary during Dr. Davis's recent illness.

**HUNTINGTON PALISADES**  
on Santa Monica Bay

The Choice of Successful People

SUCCESSFUL PEOPLE deem it a privilege to own a home estate in Huntington Palisades. It is considered a real mark of distinction. It becomes a heritage to be cherished more dearly by each succeeding generation.

Huntington Palisades is an area of beautiful homesites on the tree-covered mesa fronting on Santa Monica Bay, with an entrancing panorama of azure sea, verdant canyon and purple-tinged, rugged mountains.

All modern city improvements are installed and paid for. Every public utility is underground with service connections inside the curb to each site. The wide drives are paved, parkings landscaped and ornamental electroliers erected.

A comparison of values in Huntington Palisades will prove to you that here is the place for you to buy—and buy now.

**Huntington Palisades** is only 8 minutes from the new University of California over Beverly Boulevard.

# Tournament Trim Brooklyn; Tribe Finally Halts Yanks' Winning Streak

## Plenty of Distance

▲▲▲ and still retain Control

A BALL that now meets both requirements of the modern game—distance—and the control so necessary for low scoring.

Star and dufer alike are proclaiming it as the longest ball they ever hit. We have removed, once and for all, that old myth—that a long ball is hard to handle around and on the green.

Our faith in the Hol-Hi Ball is best expressed by the following unusual guarantee.

This Hol-Hi Ball is guaranteed to give absolute satisfaction—no matter how many holes you play it—for the length of its full life in the hands of the original purchaser. It is guaranteed to retain its shape, not to crack, and to retain its paint. If not entirely satisfactory it will be immediately replaced.

Learned Modie of Shakespeare fame is one of those rare individuals gifted with a fine ability to perform equally well at work or at play. As an actor Mr. Modie made his introduction. His ability to "perform" on the golf course has been indicated by his prize club championship at the old Country Club at Flushing. Mr. Modie plays the Hol-Hi.

frame when he gave four bases on balls and three hits, the best game of the season, leading the Braves down with six hits.

Kramer pitched his best game of the season, leading the Braves down with six hits.

**LISSA BEATEN**

WASHINGTON, June 6. (AP)—Manager Johnson yanked Pitcher Hadley for a pinch-hitter in the seventh inning and Washington apparently put the game on ice, but Detroit hopped on Hadley's successor, Al Liska, for three runs and the ball game in the eighth. The score was 7 to 5. Buddy Myer, the first baseman to face Whitecliff, hit for the circuit. Score:

**SHIRES HURT**

BOSTON, June 6. (AP)—The White Sox knocked Ed Morris out of the box in the fourth inning here today and defeated the Red Sox, 9 to 5. The visitors hit Morrie timely and errors by the Red Sox defense permitted them to pile up a commanding lead.

Shires, after making two doubles and a single, hurt his leg in sliding into second and was relieved by Clancy. Narlesky, Boston lead-off man, connected for a double and a single and brought his string of consecutive hitting up to fourteen games. Score:

CORONADO NINE, 8-5

SAN DIEGO, June 6. (AP)—Rallying in the eighth inning to score five runs after two outs had been made, San Diego's Aces whipped the Coronado Arabs, 8 to 5, here today in the California State League series opener. Kaufman, catcher, and Kelley, centerfielder, paced the Aces' attack with three hits each.

Kestell, shortstop, collected two hits in three times at bat to lead the losers. The score:

## Brown Tackles Blas Rodriguez Tonight at Hollywood

## PICK NEWSBOY TO TAKE FIGHT

Favorite Hasn't Lost Go at Legion in Five Years

Mexican Battler May Outbox Jewish Opponent

Jimmy Piel and Sullivan in Semi-Final

The greatest scrap between little fellows that the Hollywood American Legion stadium fight fans have seen this year is what boxing men are predicting of the Newsboy Brown-Blas Rodriguez main event tonight. Brown, a rugged two-fisted fighter with a wallop like a middleweight, is the favorite, but his Mexican opponent has many admirers who look to see him outbox the former newsboy.

Brown hasn't lost a fight in five years at Hollywood. He got a draw with Fidel La Barba there and an amateur decision against Young Nationality in a sensational fight.

Both fighters are nationally known and each is trying to get a championship shot. Brown is after the bantamweight title and Rodriguez seeks the flyweight championship. Up until this year the Jewish lad was a flyweight, but he has grown and no longer can make 125 pounds. There isn't a good flyweight that Blas Rodriguez hasn't fought. He won and lost to Corral, Ray Schwartz and fought Newsboy Brown a draw and they were the toughest boys in the flyweight ranks.

The preliminaries should stand up like the main event. Jimmy Piel needs no introduction to the Hollywood fans. He has been a popular performer at the stadium for three years. His fights Charles Sullivan, a featherweight, Sullivan is aggressive and packs a punch.

Ralph Leonard and Leonard Bennett are young lightweights trying to climb the ladder to the main event class. In the four-round fights they have been winners and showed promise.

The four-rounders are Frankie Abendino and Julius Schultz, junior lightweights, and Julio Romero and Bobby Quinn, lightweights.

## ROGERS WILL SEE SON PLAY SUNDAY

Local polo critics are predicting that Will Rogers, movie comedian, will see a big improvement in his son, Will, Jr., when the younger performs as No. 1 man on Eric Pedley's unbeaten "Upfitter" polo team Sunday. Rogers hasn't seen his son play in more than a year, and at that time the youthful player has been coming along rapidly. He has been a member of the Eric Upfitter team which Pedley has piloted through seven successive games without a defeat. The Upfitter tackle a truck company, is captained by Hal Roach, on the Upfitter field, in Battle Canyon, Santa Monica, Sunday.

## LUTZE FINDS NEW HOLDS

Nick Develops Series of Punishing Grips to Use on Daviscourt at Olympic Wednesday

Dick Daviscourt will be forced to protect himself from more new holds, and punishing combinations of holds that he has in any match he has had on the Coast this year when he faces Nick Lutze of Chicago in the final feature event of "Carnation" Lou Daro's all-star wrestling show at the Olympic Wednesday night.

For the past few days Lutze has been perfecting a new series of punishing grips, something entirely different than he has used in his previous matches here. They are said to include a combination leg-jack-knife and Texas split; a double reverse leg-knife, arm across, a flying hip-lock, and a combination step-over toe-hold and headlock.

These are the new grips, in addition to those he already is proficient with, that Lutze will use on the wild Kansas Wednesday night. His new winning grip, a backward body slam, with which he has scored "knockouts" in his last two appearances here, is also receiving plenty of attention from the younger Chicago man at this time. Lutze rates Daviscourt as tough to beat with the old leg-knife hold because of the great power the Kansas packer has in his arms. For this reason he believes he will be forced to use Daviscourt over backward upon his head in order to score a victory.

Daviscourt announced that he would leave for his ranch near San Diego today to complete training for this match. He stated that he intended to beat Lutze both by out wrestling and out wrestling him. The Kansas man is in line for a return match with Ed (Strangler) Lewis and he will be closer to the bout if he is able to dispose of Lutze.

Joe Malowick, the Utica mat wrestler, will face "WIM" Bill Beth, 235-pound lumberjack, in the last two-out of three fall match which will precede the feature bout. Beth's request for an additional five-minute period between falls of his bout with the Utican was turned down yesterday, as being contrary to the rules governing the sport in this state.

White Noble, negro heavyweight champion, will clash with Al Berfert, Hollywood mat star, in the opening match.

The two most prominent women drivers in the nation racing today at present are Mrs. E. Roland Harrison of New York, and Miss Helen Davis of California.

## Odd Golf Fact Aid to Driving

BY SOL METZGER

Much has been written lately of an old golf fact that has helped star players, ever since snapshots of them have been possible, and probably before that time, to keep the head down. Sandy Herd long ago took his stance with his head cocked to the right, as Jones and Hagen are here stretched. And when you take this very desirable position with your head be sure to pull your chin in and hold it there.

You may appear like an old rooster looking for a morsel of food on the ground, but you will be almost as certain of hitting the ball with your head down—the way one should—as is the cock of the walk of pecking the grain with his bill, once it is sighted.

Keeping the chin in and head cocked in a comfortable position does not mean anchoring this member throughout the swing. It also makes you focus your attention on the inside rear of the ball—the spot where you wish to make contact as your club goes through. Note how Jones keeps his head that way even after contact. There is one other point about golf that helps anchor the head. See tomorrow's article.

Inability to make approach shots hold the green adds several strokes to one's score. Sol Metzger's leader "The A of Pitching" will enable you to cut down your score. Send stamped, addressed envelope to Sol Metzger, in care of this paper, and receive a copy.

## L.A.A.C. Nine Looking for Opponents

Undelected in thirteen straight games, the powerful L.A.A.C. baseball team is still looking for some games before putting away the bats and bats until the 1930 season.

Commissioner Rolla Norton hopes to secure a few more games for his hard-hitting players with the hope of bringing up the winning streak to at least fifteen games.

In their last game a week ago the Mercuries defeated the Hollywood Athletic Club, 6 to 4, in a ten-inning battle. Hollywood came loaded to win with stars of the past two U.S.C. nines on the field Caddy Works, popular U.C.L.A. basketball coach, baseball star, pitched a good game for the L.A.A.C. that day, as well as scoring the winning run in the tenth inning.

## TAYLOR MAY BOX SINGER AT OLYMPIC

Wad Wadhams Planning Bout for July; Bud Tackles Hess Next Tuesday

Bud Taylor will renew his feud with Al Singer, star New York Jewish featherweight, here in California, if present plans of the Olympic materialize.

Wad Wadhams has made Singer an attractive offer to fight him at the Olympic club in July.

The Terre Haute fighter, who spent about half of his time in Los Angeles, will box a younger man from Youngstown, Ohio.

He is a better winner, however.

How is one of the steadiest performers in the sport? He seems to have the knack of fighting best in the stretch, when some of the veterans are fading away.

If Hess whips Taylor it will be in the last five rounds. The boy is a smart boxer and a strong, though not a killing, puncher. He has been a running mate of Billy Dal Bello, but failed to attract the big-time promoters like the Mexican. Sal does everything spectacular. Hess is a better winner, however.

The Olympic has some attractive bouts in the making, centering about Taylor and Fidel La Barba, who will be home next week to box Earl Mastro on the 25th.

Young Mastro has built himself up as a real card in Los Angeles, and is expected to bring his own one-half of any big league card. Earl hosts Mike O'Dowd tonight in Chicago and heads west tomorrow.

Taylor took a fast workout yesterday at the Manhattan gymnasium. The blond battler is the hardest worker in the place. At his stage of fighting most boxers take it easy in the gymnasium, but Taylor doesn't.

## DE LARA FAVORED IN NET TOURNAY

Jack De Lara, freshman tennis star of the University of Southern California, will be one of the favorites for the singles title in the Los Angeles municipal court championships opening Sunday at the Griffith Park courts.

De Lara will also enter the doubles championships, being paired with Chuck Woerner, a friendly rival from Stanford who is second man on the Card varsity net squad.

## FEATHERWEIGHTS MIX FOR MORE CONTESTS

Some Mexican featherweight will get a crack at the winner of tomorrow night's clash between Kano Nakamura, southpaw Japanese boxer, and Jack (Red) Stephens at the Main Street Athletic Club, Carlo Curtis, manager of "the house of action," may send either Manuel Trevino or Bobby Garcia—if the latter wins his special event bout tomorrow night—against the main event victor.

AL SINGER WINS NEW YORK, June 6. (AP)—Al Singer, Bronx featherweight, did, jumped back into the hearts of the home faithful tonight by scoring a rapid-fire knockout over Leo Kid Roy, Montreal veteran in the first round of a feature ten-round match in Jess McMahon's Coliseum.

Roy went down twice and lasted but two minutes and forty-one seconds of the round.

## ONE-WOMAN TRACK TEAM

CHICAGO, June 6. (AP)—Decision of Helen Purdy, hurdle star, to continue in athletic has caused the Illinois Women's Athletic Club of Chicago to maintain its track and field team.

The I.W.A.C., long a power in national women's track events, had planned to disband its team.

MISS GOURLAY TRIUMPHS BOULOGNE (France) June 6. (AP) Miss Molly Gourlay successfully defended her title as French women's open golf champion today by defeating Mrs. Walter Payne, 9 up and 4 to play.

## PURDUE'S ACCUSER FAILS TO SEE MAJOR GRIFFITH

CHICAGO, June 6. (AP)—The second hurdle in the Western Conference's investigation of proselyting and subsidizing of athletes failed to burst today.

After announcing he would go before Maj. John L. Griffith, conference athletic commissioner, with evidence to prove other Big Ten schools were equally guilty along with Iowa in recruiting athletes, Everett Case, basketball coach at Frankford, Ind., failed to do so.

Instead, he came to Chicago, issued a statement in which he named basketball coaches of Michigan, Wisconsin, Purdue, Indiana and Iowa attempted to recruit players during the recent Indiana State cage tournament at Indianapolis, and then disappeared.

Griffith waited in vain for him all day even though he did not have an appointment with him.

It was reported Case had decided to stay in Chicago and to present his story, probably early tomorrow.

Case's charges against Michigan, Wisconsin, Purdue, Indiana and Iowa coaches created considerable interest in Griffith's office, although the commissioner said he could not comment on it. The charge must be presented and verified by Case, he said, and in turn Griffith will give the evidence to the involved schools and the conference faculty committee which banned Iowa.

"I think Iowa has been ousted from the conference for doing just the same thing that I know coaches and scouts for half a dozen other Big Ten universities have done," Coach Case said. "Why, at the recent Indiana State high school basketball tournament at Indianapolis, Coach Walter Menzies of Wisconsin, George Yeaman of Michigan, Ward Lambert of Purdue, Everett Dean of Indiana, as well as Sam Barry of Iowa were there."

"Were they there to learn how to teach basketball? Were they there for their health? I don't think so. They were there to get a line on basketball material and to try to line up stars for their own school. That is only logic."

Coach Case said he did not plan to make sensational charges against Purdue even though he believed Purdue questioned the credits he received from Iowa three years ago. It was charged Case received these credits for inducing two of his case stars to go to Iowa.

"I want to explain fully and frankly those disputed credits I received at Iowa and to prove to Maj. Griffith that I did not receive them for sending Doyal Frankel and Robert Spradling to Iowa. I am going to tell Maj. Griffith that, if the thing Coach Barry and Iowa was charged with was urging my players to attend Iowa, that there are a lot of other Big Ten schools in the same case."

## A few of the famous aviators who now VEEDOL MOTOR OIL

## ANGLERS NABBING MANY BARRACUDA

HERMOSA BEACH, June 6.—The big play in barracuda has at last made a definite appearance, and for the past few days anglers returning from the Olympic barges and live-bait boats operating from the Hermosa pier have found themselves swamped with over-sized catches of the barracuda. Those fishing from the Hermosa pier also are favored as the barracuda make runs into the breaker line after the sardine or anchovy. Halibut also

are showing up well with many large species being taken. All in all as reports come in, fishing was never better and indications are for a banner season for the salt water fisherman.

WOMEN HAVE LAST WORD WIMBLEDON (Eng.) June 6. (AP) It's up to the women to decide whether or not they will wear stockings while playing in the all-England championships here. The tennis authorities have met and decided not to interfere even though the change in the customs of all-England Wimbledon has caused much discussion.

MIDGE GLADSTONE ENTERS PAINTING CONTEST

Midge Gladstone, 12, of the Los Angeles Junior High School, entered the painting contest of the Los Angeles Junior High School.

His picture will be shown at a public exhibition.

His picture will be shown at a public exhibition.

His picture will be shown at a public exhibition.

Those fishing from the Hermosa pier also are favored as the barracuda make runs into the breaker line after the sardine or anchovy. Halibut also

are showing up well with many large species being taken. All in all as reports come in, fishing was never better and indications are for a banner season for the salt water fisherman.

WOMEN HAVE LAST WORD WIMBLEDON (Eng.) June 6. (AP) It's up to the women to decide whether or not they will wear stockings while playing in the all-England championships here. The tennis authorities have met and decided not to interfere even though the change in the customs of all-England Wimbledon has caused much discussion.

MIDGE GLADSTONE ENTERS PAINTING CONTEST

Midge Gladstone, 12, of the Los Angeles Junior High School, entered the painting contest of the Los Angeles Junior High School.

His picture will be shown at a public exhibition.

STEEL INDUSTRY  
FIGHTS ORE DUTYWill Oppose Manganese  
Tariff Before SenateInstitute Favors Placing it on  
Free ListCost of Manufacture Said to  
be Increased

WASHINGTON, June 6. (AP)—The steel industry will carry on its drive before the Senate Finance Committee in opposition to the increase in the duty on manganese which is being sought by domestic ore producers as a means of building up their industry in the United States. Through the American Iron and Steel Institute, the steel manufacturers not only will oppose an increase in the present duty of 1 cent a pound on the metallic content of manganese ore but they will ask for its repeal. They also will seek a reclassification of ferromanganese, a by-product, so it will take a 25 per cent duty instead of 1 7/8 cents a pound on the metallic manganese content.

on June 15. For room or dinner reservation,  
contact the Lake Norconian Club, 426 N. 2nd St.,  
Corona, Calif. Phone NORCO 426... or 924  
Bannock Bldg. Trinity 8321, Los Angeles.

POOR IMMIGRANT NOW  
HAS RICHES AND DEGREE

CHICAGO, June 6. (AP)—It never is too late to learn for Mrs. Minna Schmidt, once a penniless immigrant girl from Germany, who tonight, at 61 years of age, will receive her master's degree in law.

For eight years Mrs. Schmidt has been attending night classes at the Kent College of Law—five nights a week most of the time. It wasn't as though she had to, for from her beginning in poverty she has risen to the head of a million-dollar costume business and an Evanston estate.

"I merely took the course to improve my mind," she said, "and make myself fit for the many things I plan to do in the future. When I use my knowledge of law it will be in doing simple, helpful things for the good of humanity."

Mrs. Schmidt spoke in English when she came here, but the night schools changed that. Now she lectures frequently on the history of women's dress, being regarded as an authority on period design and dress.

turers not only will oppose an increase in the present duty of 1 cent a pound on the metallic content of manganese ore but they will ask for its repeal. They also will seek a reclassification of ferromanganese, a by-product, so it will take a 25 per cent duty instead of 1 7/8 cents a pound on the metallic manganese content.

The House tariff bill makes no change in existing rates on these materials, southern and western manganese interests having failed in their attempt to obtain a 50 per cent rise in the manganese rate.

## QUESTIONS OF VALUE

The duty, it adds, has "fallen steadily to bring about a domestic production that is other than insignificant while it has at the same time added enormously to the cost of producing steel."

Approximately seventy-five applications for time in which to present evidence on the tariff bill were in the hands of Senate Finance Committee clerks today and indications are that several hundred more will be received before four subcommittees start hearings next week.

Before dividing into subcommittees the full committee will meet June 12 to take testimony on the question of valuation. This matter must be settled before any ad valorem duties are changed.

## CUBAN SAYS TARIFF

PLAN PERILS GOOD WILL

HAVANA, June 6. (AP)—Proposed sugar tariff increases by the United States will have far-reaching and more serious effects than those which are expressed in dollars and cents, Dr. Luis Machado, cousin of Cuba's President and attorney for sugar associations, said today.

"The United States has not considered the texture of the Latin mind," he said, "and has obviously never occurred to the supporters of this tariff measure that such a thing as sentiment may enter into the consideration of such measures."

"Within two years the United States will find something which has never before been found in Cuba—an anti-American movement, and this will not be in Cuba alone. It will be throughout Latin America. Cuba has been exempt from this to the past."

"Tariffs may be all right from a business viewpoint, but they do not regard sentiment, and we Latins do regard sentiment, feeling that politicians of the north have sold that bond of sentiment which has always united the two peoples."

MOON TRIP  
BY ROCKET  
PLAN WINS

Rumanian Professor Gets  
French Astronomic Prize  
Awarded by Society

PARIS, June 6. (Exclusive)—The first practical rocket machine for a round trip between the earth and moon was recognized today by the Astronomic Society of France, which awarded the Rep-Hirsch astronomic prize of 10,000 francs (about \$300) to Prof. Herman Oberth at a luncheon given at the Cafe de Paris.

Herr Oberth, who is a teacher at a Rumanian university, has demonstrated the possibility of constructing a rocket machine capable of being propelled at a rate of about 13,000 feet a second by ejections of hydrogen.

Numerous other experimenters were awarded honorable mention, including Noel Datsch of Washington. In his speech Mr. Esnault-Pelterie, one of the society's organizers, expressed confidence that a trip to the moon may be made in three hours and a half in the near future, due to the inventions of Dr. Oberth and other experimenters, who are now attempting to solve the problem.

## FARM ORGANIZATIONS

ASK DEEPER RESEARCH

WASHINGTON, June 6. (AP)—Increased appropriations for farm research activities by the United States Department of Agriculture have been recommended by a group of national farm organizations at an informal meeting with Secretary Hyde and Assistant Secretary Dunlap. Dr. A. P. Woods, director of scientific work of the department, declared that an additional appropriation of \$10,000,000 a year was needed. Each of several American industries, he said, annually invest more money for scientific investigations than is expended by all agencies for agricultural research.

## WOMAN WHO KILLED

HUSBAND SENTENCED

HARTFORD (Ch.) June 6. (AP)—Mrs. Olive E. Adams, widow of Harry E. Adams, whom she killed with chloroform, today pleaded guilty to manslaughter and was sentenced to State prison for one to ten years.

SON OF LATE  
SULTAN IN  
LEGAL WAR

Impoverished Prince Sues  
British for Millions on  
Turkish Land Claims

BUDAPEST, June 6. (AP)—Prince Abdul Kadir, son of the late Sultan of Turkey Abdul Hamid, is suing the British government and the Turkish National Oil Development Company of Mosul for \$10,000,000 (approximately \$50,000,000) it was learned today that the Prince, once worth millions of dollars but now almost penniless, demanded this sum as compensation for the confiscation of crown lands of vast properties in Mesopotamia and elsewhere belonging to Abdul Hamid.

Abdul Kadir also has begun suit against the Greek government for restoration of the famous Atalante palace bought by Abdul Hamid in 1918 when the Sultan was forced by the young Turk movement to abdicate his throne.

Abdul Kadir and the former Turkish Imperial family have retained Alexandre Millerand, ex-President of the French republic, as their attorney in both cases.

The Prince now is living in the Othello district of Budapest with his 20-year-old wife and six children by former wives. He is earning \$2 a week as a member of an itinerant Gypsy orchestra.

JURY FAILS  
OF VERDICT  
IN MURDER

Mistrial Results in Case  
of Officer Accused of  
Killing Student

ABINGDON (Va.) June 6. (AP)—A mistrial was declared this afternoon in the case of James Crowe, Washington county deputy sheriff, indicted for the murder of J. W. Kendrick, 16-year-old Emory & Henry College student last May 6. The jury was discharged and the case set for retrial at the next term of court.

The jury started its deliberations at 2:15 p.m., returned to the courtroom at 3:25 p.m., reported that it was unable to agree, and was ordered by Judge Buchanan to consider the case further. At 4:25 the jurors returned to the courtroom and again reported that they had not reached a verdict. The jury then was discharged.

Crowe was indicted jointly with Deputy Sheriff Worley and Abington Police Officer James McKeen for the murder of Kendrick.

The State charges that the three officers fired upon an automobile occupied by Kendrick and two other young men, Paul Phelps and Sterling Dutton, on the night of May 6, inflicting wounds on Kendrick, from which he died twenty hours later.

Skeletons Give  
New Knowledge  
on Man's Past

(Copyright, 1933, by New York Times.)  
PARIS, June 6. (Exclusive)—An interesting discovery of unquestioned authenticity has just been made near Nant, in the Department of Aveyron, by M. Verneau, director of the Trocadero Ethnographic Museum in Paris. It consists of two skeletons found in a cave known as the Cavern of the King of Fairies.

One is from the paleolithic, or old rough hewn stone age, and the other is from the neolithic or new polished-stone age. The first skeleton belongs to the same race and period as the Cro-Magnon man, who hunted the reindeer in the south of France about 35,000 years ago.

Interest in the discovery lies in the fact that hitherto it has been supposed that man of the advanced type only appeared later in the polished-stone age, whereas the finds show he roamed several thousand years earlier.

Peking May Be  
Made Embassy

WASHINGTON, June 6. (AP)—Elevation of the American Legation in Peking to the rank of an embassy is being considered by the State Department.

Dr. C. C. Wu, who recently assumed his duties here as Chinese Minister, called the matter to the department's attention, and officials said today the Minister had been informed that the raising of the legation rank was under consideration.

LOS ANGELES PLANE  
REACHES NOVA SCOTIA

SYDNEY (N. S.) June 6. (AP)—The airplane Blue Nose arrived here last night from Los Angeles and today was quartered at the new airport of the Cape Breton Flying Club, which was specially opened with the arrival of the transcontinental plane. The Blue Nose, piloted by Vernon Dorrell of Los Angeles and carrying as a passenger R. D. Archibald, the owner, formerly of North Sydney, covered the 4500 miles in thirty hours and twenty-one minutes actual flying time.

FARM BILL WILL  
COME UP TODAYHouse Expected to Pass  
Measure SpeedilySenate May Get Into Hot  
Debate Over ProposalFund of \$500,000,000 Will  
be Called For

WASHINGTON, June 6. (AP)—A final determination of the major problem which led to the calling of the special session will be undertaken tomorrow, when the Senate and House will be asked to approve the farm-relief bill decided upon by a conference committee composed of members from both branches of Congress.

The committee's report embraces a single relief measure representing a compromise between the bills passed separately by the Senate and House. It will be laid before the latter branch shortly after it convenes by the chairman of its Agriculture Committee, Representative Hargrove of Iowa.

FAST ACTION IN HOUSE

Soon after the House approves the conference bill, which it is expected to do with little debate, the report will be sent to the Senate and Senate Agriculture Committee, Representative Hargrove of Iowa.

Whether the farm bill will be sent to President Hoover this week depends on advocates of the export debenture plan, which was forced from the measure by implacable opposition of the House conferees.

Debutante proponents in the Senate are expected to express their disappointment and it appeared to be in prospect if considerable debate is in prospect.

## APPROVAL PREDICTED

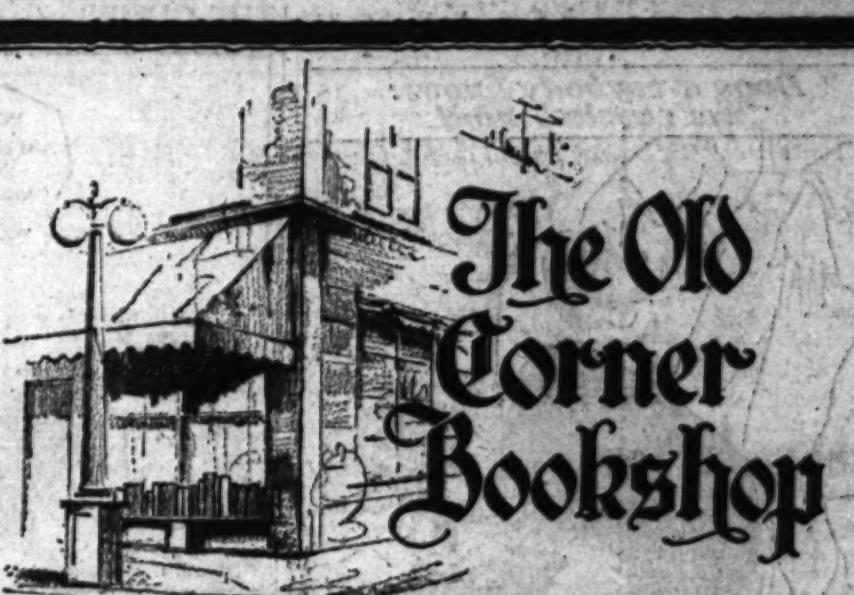

Administration leaders are convinced, nevertheless, that the relief bill, calling for an appropriation of \$500,000,000 to stabilize agriculture, ultimately will be accepted by the Senate and House.

Presentation of the conference bill disclosed the wording of the section relating to the revolving fund to be used by the proposed farm board. Most of the farm leaders expressed the opinion that the section will require Mr. Hoover to send an estimate for the appropriation of the entire \$500,000,000 to Congress immediately.

## CORN BELT COMMITTEE

TO MOBILIZE CAMPAIGN

DES MOINES (Iowa) June 6. (AP)—A call for a meeting of the corn belt committee in Des Moines next Tuesday to "mobilize a strong farm legislation campaign" has been received at Iowa Farmers' Union State headquarters here.

WANDER back through the pages of fiction with the old Bookshop—live in the strange scenes and tense moments of the written masterpieces of world-famous authors—tough this is yours in a superb musical hour of entertainment—the 22nd Episode in the Forest Lawn Musical and Dramatic Broadcast Series!

KHJ TONIGHT 8 TO 9

THE character of Forest Lawn Memorial-Park as a gathering place of the beauties of Nature and Art and the character of its service to Southern California as a noble shrine to Memory has carried its fame throughout America. Of these a visitor has written: "If all dreams and plans of civic improvement and uplift could only attain the complete reality and success that are here shown! Those dedicated to civic betterment cannot but approve of so great a cultural influence. The day is here when it is no longer necessary to travel eastward to see authentic and faithful representations of the greatest in art. They have been brought to our own Pacific Coast by the altruism of purpose that characterizes all things in Forest Lawn."

A beautifully illustrated "Art Book," "Chimes," descriptive of the works of art in Forest Lawn, may be obtained by sending 25 cents to partially cover printing cost. A frank booklet, "The Truth About Forest Lawn," will be mailed free on request.

### EXPERTS' WORK TO CLOSE TODAY

**Reparations Report Will be Signed at 5 p.m.**

**Drafting of Document Has Its Own Difficulties**

**Summary Alone Will be Published First**

PARIS, June 6. (AP)—Experts of the reparations conference today found that detail work in drafting the conclusions reached on German reparations after nearly four months of trying efforts has its own difficulties.

They have worked night and day since that agreement was reached Tuesday to prepare the conference report for signature so that the conference could break up and the delegates start homeward Saturday.

**TO BE SIGNED TODAY**

The ceremony of signature of the report was fixed today for 5 p.m. tomorrow in the tearoom of the Hotel George V. The proceedings will be of the simplest kind, with press photographers the only spectators.

It is probable that only a summary of the document will be published tomorrow and the full text reserved for Sunday morning.

The work of condensation has compressed the original draft of 18,000 words into a much smaller compass. But the necessary documentary information that must be put into the annex has fully compensated for the cuts in the body of the text, so that the final draft is likely even to exceed in volume the original document.

**THOUGHTS ON HOME**

The principal experts have been busy in odd moments they can spare from the drafting with preparations for the homeward journey.

Gen. D. Young, Thomas M. Perkins and Thomas W. Lamont, together with the staff of the American delegation, have cheered up under the prospect of going home. They were guests of Mr. Lamont at luncheon today with American press representatives. Mr. Lamont, Mr. Young and Jeremiah Smith, chief adviser to the delegation, reviewed the vicissitudes of the conference.

### ANGELINO READY TO EMBARK ON UNIQUE CRUISE

**BEAVER (Alaska) June 6. (AP)—**Sailing alone in a small collapsible boat that has no motor power, Albert Vogel of Los Angeles planned to leave here some time today on a 6700-mile trip to New York.

Vogel will depend entirely on sail and paddle to get him to New York.

The boat is sixteen feet long, thirty inches wide and weighs sixty pounds. It is covered in a mass of rubber, wains skin and canvas. Vogel will carry a rubber mattress and will invert the boat for shelter at night on land. The course will be along the mainland and he expects to reach his destination in five or six months.

### China to Keep Control Over All Antiquities

SHANGHAI, June 6. (AP)—The Nationalist government announced today that henceforth the excavation of Chinese historical relics either by Chinese or foreigners will be subject to regulation of the National government.

The action followed on the heels of efforts by Roy Chapman Andrews, explorer, to obtain permission to make another expedition into the Gobi Desert for the purpose of excavating fossils. The position taken by Nanking is that fossils are Chinese antiquities which should remain in China.

### KING TO DEDICATE AMERICAN LEGATION

TIRANA (Albania) June 6. (AP)—King Zog has agreed to dedicate the new American Legation here, which is rapidly nearing completion and which is the first building constructed by the United States government anywhere in the world for the specific purpose of a legation or embassy.

The King also has promised to make his first public appearance since his coronation as King by attending a gala ball and reception which will inaugurate the new legation. He will dance with Mrs. Charles G. Hart of Minneapolis, wife of the American Minister.

This will be the first time that Europe's newest sovereign will set foot in any foreign legation and the first time he ever has participated in a public dance.

### DAMAGED DIRIGIBLE MEETS NEW MISHAP

KARLSRUH (Germany) June 6. (AP)—The new Raab-Katsenstein dirigible, which broke apart on May 6 in a small, had another mishap today. The dirigible, of the small type, was partially filled with gas and was moored to an anchor mast when another small dirigible today, causing the lead to crack in the cable. The cable broke and the dirigible was pulled down. The structure of the airship was narrowly prevented by a watchman who caught the rip line and let out the gas.

### PULLMAN PORTERS GET \$5 WAGE RISE

CHICAGO, June 6. (Exclusive)—George, the porter, who is expected to wield his whisk broom just a trifle more briskly now, his smile may be a trifle more gleaming and his polished shoes. For after three years of agitation the 12,000 porters and maids in the employ of the Pullman company have been given a \$5 a month wage increase, and several important improvements in working conditions.

### FUTURE MALE TO BE FLAPPER

Legs to be Bare and Pants Short, Says Forecast for 2020

NEW YORK, June 6. (AP)—In the corner-stone of his new building John David, merchant, has placed a prophecy: The well-dressed man of 2020 "will wear wide shorts for every occasion except formal events. His legs will be uncovered from ankle to knee. Pants will have disappeared. One garment will serve the two-fold purpose of jacket and shirt. Necks will be open polo fashion. Sandals will encase the feet. All material for clothes will be of rous. Formal evening dress will be silk or satin knee breeches, swallow tails, buckled shoes and brightly colored waistcoats.

### REOPENING OF BORDER UNDER FIRE

**Swing Announces Plans to Enter Protest Against Mexican Petition**

WASHINGTON, June 6. (AP)—Representative Swing, Republican, California, today said that Ambassador Tamm of Mexico has presented to the State Department a petition signed by resort owners in Tijuana and Mexicali, Mex., for reopening of the border on a twenty-four-hour basis.

Sensors Johnson and Sherridge of California have been requested by Secretary Stimson to give their views on the question and both have it under advisement.

Representative Swing intends to confer with the Secretary of State tomorrow and said he will present a covering letter to the president against granting the petitioners' request.

"It is my intention," Swing said, "to contend that the question of hours of relation to our border is not a matter for international representation but purely a domestic question to be decided by our customs officials and immigration authorities."

### Jewish Women in Federation

HAMBURG (Germany) June 6. (AP)—The Jewish Women's Congress today solemnly proclaimed the foundation of a world federation of Jewish women with headquarters in New York, appointing Mrs. Rebecca Kohut of New York president for a period of four years.

A series of resolutions was adopted for the co-operation of Jewish women and strengthening the international peace idea. One resolution called for equality of women in Jewish communities.

The congress demanded the calling of a world conference of orthodox rabbis for the purpose of reforming Jewish marriage and divorce laws.

### Motor Will Be Museum Piece

WASHINGTON, June 6. (AP)—One of the "whirlwind" engines used by the army monoplane Question Mark on its recent record-breaking flight was donated today by Secretary Good to the Smithsonian Institution, for exhibition in the national museum.

The engine, which was used on the Question Mark's 150 1/4-hour flight at Los Angeles, now are at Wright Field, Dayton, O., and the one given to the institution will be shipped immediately to the capital.

### SWISS FIRST CHAMBER BACKS KELLOGG PACT

BERNE (Switzerland) June 6. (AP)—The First Chamber of the Council of State ratified the Kellogg pact unanimously today, the Second Chamber having ratified it yesterday with two opposing votes.

### LINDBERGH AT MAINE ISLE

**Loose Birds Take on Fuel for Boat and Flyer Tells Reporter He Has "Nothing to Say"**

YORK HARBOR (Me.) June 6. (Exclusive)—Col. Charles A. Lindbergh, skipper of the Mousette, cruising honeymoon craft on which he and his bride, the former Anne Morrow, have been sailing since they disappeared after their secret wedding in Englewood, N. J., ten days ago, was discovered here today and, believe it or not, Lindbergh was glad to see a reporter.

Indeed, he said so, not once, but many times. In fact the colonel's vocabulary, never very extensive when necessary to use it on the press, contained little more than two phrases offered in reply to all forms of questions: "I'm glad to see you," and "I have nothing to say."

**BRIDE DISAPPEARS**

Of Lindbergh's betrothed, little was seen after a reporter and cameraman, circled over their heads in a flying boat, had swooped down low and discovered the honeymoon seabirds, each with a hand on the wheel. Anne, demure in white, and Lindbergh, in white duck trousers, white deck shoes and a blue shirt open at the throat, did not swerve from their course. But Anne promptly disappeared into the cabin and when the Mousette cruised up the channel into York Harbor and Lindbergh came ashore to get gasoline and oil, the outline of his bride's form was glimpsed under concealing blankets on a bunk. The sea had been very rough; whether Mrs. Lindbergh was suffering from mal de mer or only shyness can only be guessed.

### PREJUDICE SEEN IN ORIGINS FIGHT

**Glenn Holds Feeling Exists Against German People**

**Movement to Block Repeal Laid to This Antagonism**

**Both Reed and Heflin Deny Americans Hold Hatred**

WASHINGTON, June 6. (AP)—The contention was raised in the Senate today, by Senator Glenn, Republican, Illinois, that back of endeavors to retain the national origins system of arriving at immigration quotas is "a feeling against the German people."

This was denied by Senators Reed, Republican, Pennsylvania, and Heflin, Democrat, Alabama, who said Americans never held any hatred for the German people as a class, but merely disliked the Kaiser and the German war lords.

Under the national origins apportionment, which will go into effect July 1 unless repealed as has been recommended by President Hoover, Germany would lose a large share of its present apportionment along with Sweden, Norway and Denmark. Great Britain would be the chief gainer.

**COMPROMISE EFFORT**

In an effort to compose the controversy between those who favor and oppose national origins, Senator Allen, Republican, Kansas, offered a joint resolution designed to postpone its effective date until July 1, 1935, and to appoint a congressional committee to investigate the basis of immigration in order to develop a more "scientific selectivity" of immigration.

The Senate has reached no agreement for a vote on the resolution of Senator Nye, Republican, North Dakota, to discharge the Senate Immigration Committee from further consideration of the national origins controversy. However, Senator Robinson of Arkansas, the Democratic leader, is expected to return to Washington tomorrow, whereupon an agreement will be sought.

The debate today developed a discussion of the national origins Presidential candidates in the last campaign toward national origins.

**CANDIDATES' ATTITUDES**

"You could not make anything out of Gov. Smith's statements," Reed said.

"What was Hoover's idea?" Senator Copeland, Democrat, New York, asked.

"He advocated repeal in his speech of acceptance," Reed replied, "and then lapsed into an impenetrable silence until he sent his recommendation for repeal to Congress."

"In my State the voters believed that," Copeland said.

"In other States," Reed said, "they believed the opposite."

"After Reed had read a list of organizations favoring national origins," Copeland said, "he said, 'I am not for the repeal of the law, but I am for the repeal of the law that gives us the right to vote.'"

"I don't know," Reed answered. "I denounced them publicly when I ran for office and they don't write letters to me any more."

### Miss Booth's Eyes Affected

HARTFORD (Conn.) June 6. (AP)—The sight of Evangeline Booth, commander of the Salvation Army in America, has been slightly affected through injuries she suffered in an automobile accident two weeks ago, her secretary, Col. Richard Griffith, said today.

The commander, who will be confined to bed indefinitely, is wearing a covering over the left eye near which she received a cut.

### Davis Praises Naval Service

ANNAPOLIS (Md.) June 6. (AP)—Declaration of Secretary of the Navy Adams that the United States Navy is one of the greatest engineering marvels of today rang in the ears of 329 midshipmen, graduating from the Naval Academy today.

Speaking at the exercises at which he presented their diplomas, the Navy Secretary told them there is no better service in the world than the United States Navy.

### TELEPHONE BOOK BECOMES BANK

**But Subscriber Must Hunt Through 14,000 of Them to Find His Money**

ST. LOUIS, June 6. (AP)—George Metal today tackled the task of searching through 14,000 discharged telephone directories for his own directory in which he had concealed \$1336 in three personal checks and four \$20 bills.

Metal's directory was collected yesterday when a new edition was delivered at his home here. He did not discover his loss until today. The book had been dumped with the thousands of others into a freight car for shipment to a Chicago paper firm. Two employees of the telephone company are aiding him in the search.

### BARRYMORE DAUGHTER IN STAGE PLAN

**Traditional Family Career Decided on by Girl When She Finishes School**

PHILADELPHIA, June 6. (Exclusive)—Tradition has decided a career for Ethel Barrymore, Coit, daughter of Ethel Barrymore, who has just been graduated from the Academy of Notre Dame at Moylan-Rose Valley. Miss Coit will spend next year in Europe, continuing her studies in her languages and music. She is 19 years of age.

"And when I come back at the end of the year," she said, "I shall be ready to try out different roles to see what I am best fitted for on the stage. It doesn't matter what sort of part I play so long as I can become a really good actress. I only decided this year that I would go on the stage."

The academy also has become a tradition with this celebrated theatrical family, for both Ethel Barrymore and her mother, George Drew, were educated there by the nuns of Notre Dame.

### Cheyenne Flood Danger Passes

CHEYENNE (Wyo.) June 6. (AP)—Danger of a repetition of the disastrous flood of Sunday, which caused more than \$500,000 damage, and cost one life, passed today when Crow Creek started receding without overflowing its banks.

A heavy rain, which assumed the proportions of a cloudburst last night, resulted in the sounding of flood warnings to residents of the lowlands of Cheyenne.

Hundreds of residents of Cheyenne, following the warning, lined the bluffs overlooking the creek and watched an all-night vigil.

### Two Killed as Well Explodes

BUFFALO, June 6. (AP)—Workmen were fighting today to subdue a seventy-five-foot pillar of flame rearing from a gas well which exploded last night on a farm east of East Aurora, killing two men and injuring eight others.

The employees of the Ironclad Gas Corporation, owners of the well, prepared to force steam into the blazing pit.

Andrew Bell, 54 years of age, of Hamburg, and Frank Eckert, 35, of Evesham, were killed.

### STATE TO MAKE BANK TAX MOVE

**Controller Will Go East to Discuss Legislation**

**Governor Holds Meeting on High Court Decision**

**Tells Plan to Join Forces to Remedy Situation**

SACRAMENTO, June 6. (Exclusive)—Following a meeting of members of the State Tax Commission today with Gov. Young, announcement was made that State Controller Riley will leave for Washington within the next few days to confer with Federal agencies relative to modifying Federal statutes so as to make bank tax legislation in California and other States possible.

In attendance at the conference besides the Governor were Lieut. Gov. Cavanaugh, Mr. Riley, William Carr of the State Railroad Commission, A. R. Heron, State Director of Finance and Chester Howell, publicist.

**YOUNG'S STATEMENT**

After the meeting the Governor issued the following statement: "While it was agreed that the very recent decision of the United States Supreme Court in the MacAllan case as to effects bank taxation, is somewhat disconcerting, there is apparently nothing for which a remedy cannot be found. The present bank tax that was adopted by constitutional amendment last fall was the only method provided in Section 5319 of the Federal statutes that promised to yield any substantial tax from the banks and we must now determine how far this may be affected by the recent unexpected Federal decision."

"California is placed in no worse position than any other State by this decision and in some respects is in a better position. In view of commitments made by the bankers of the State it is hardly conceivable that they will raise any questions as to the payment of the very reasonable tax assessed against them under the new tax law."

**JOIN OTHER STATES**

"Every step is being taken to safeguard the State's interests. California will join with Massachusetts, New York, Washington and Oregon in seeking a rehearing by the Supreme Court in the MacAllan case. A conference between representatives of these States has been arranged for the afternoon of the 10th. California will be represented by the Attorney-General for some one from his office."

"State Controller Riley of the tax commission will leave in a few days for Washington to take up with California's representatives in the Senate and Congress the matter of securing changes in Federal legislation necessary to more fully protect the State's position; and California will undoubtedly have the active assistance of most of the remaining States in the Union, all of which are desirous of placing the matter of bank taxation on a firm and stable basis."

### COLLEGE IN TURMOIL

**Two Faculty Members Quoted and Others Resign in Protest**

POTSDAM (N. Y.) June 6. (AP)—Dismissal of two members of the faculty of Clarkson College of Technology for "insubordination" together with the resignation of a third professor and the president's secretary as a protest against the ousting of the other two, became known today following a mass meeting of students last night to frame a formal protest to the board of trustees.

The ousted faculty members are Prof. Lynn L. Merrill, who has been at Clarkson nine years, and Prof. George E. Lobedoff, who has been there thirteen years. Prof. Crossberry, with six years' service, resigned because of what he termed unfair treatment of his colleagues, as did Flora Laidler, secretary to President Joseph Eugene Rowe.

### PHONE BOOK BECOMES BANK

**But Subscriber Must Hunt Through 14,000 of Them to Find His Money**

ST. LOUIS, June 6. (AP)—George Metal today tackled the task of searching through 14,000 discharged telephone directories for his own directory in which he had concealed \$1336 in three personal checks and four \$20 bills.

Metal's directory was collected yesterday when a new edition was delivered at his home here. He did not discover his loss until today. The book had been dumped with the thousands of others into a freight car for shipment to a Chicago paper firm. Two employees of the telephone company are aiding him in the search.

### BARRYMORE DAUGHTER IN STAGE PLAN

**Traditional Family Career Decided on by Girl When She Finishes School**

PHILADELPHIA, June 6. (Exclusive)—Tradition has decided a career for Ethel Barrymore, Coit, daughter of Ethel Barrymore, who has just been graduated from the Academy of Notre Dame at Moylan-Rose Valley. Miss Coit will spend next year in Europe, continuing her studies in her languages and music. She is 19 years of age.

"And when I come back at the end of the year," she said, "I shall be ready to try out different roles to see what I am best fitted for on the stage. It doesn't matter what sort of part I play so long as I can become a really good actress. I only decided this year that I would go on the stage."

The academy also has become a tradition with this celebrated theatrical family, for both Ethel Barrymore and her mother, George Drew, were educated there by the nuns of Notre Dame.

### Cheyenne Flood Danger Passes

CHEYENNE (Wyo.) June 6. (AP)—Danger of a repetition of the disastrous flood of Sunday, which caused more than \$500,000 damage, and cost one life, passed today when Crow Creek started receding without overflowing its banks.

**LUMBER FRAUD PLAINTS ISSUED**

Forty-six Western Companies Face Charges

Sale of Yellow Pine Instead of White Asserted

Trade Commission Names Prominent Concerns

WASHINGTON, June 6. (P)—The Federal Trade Commission has issued complaints against forty-six lumber companies in California, Oregon, New Mexico, Arizona and Nevada, charging misrepresentation in the sale of western yellow pine as white pine.

The companies include some of the largest lumber producers on the west coast. Hearings were set for July 8.

**FINES DIFFERENT**  
The lumber in question, the complaint declares, lacked many qualities of true white pine.

The designation white pine was employed, the commission declared, to avoid market disadvantages from possible confusion in the hands of buyers of western yellow pine with southern yellow pine, a still different type.

This has resulted, it said, in great confusion as to the relative quality of the western yellow pine and white pine, which, the commission added, was recognized as a superior building material.

**COMPANIES NAMED**

California companies named were Long-Bell Lumber Company, West; Hess Lumber Company, Bishop; Castle Oak Lumber Company, Castella; Davies Johnson Lumber Company, Calipatria; Diamond Match Company, Chico; California Fruit Exchange, Greag; Penman Peak Lumber Company, Bismarck; Feather River Lumber Company, Del Norte; California Door Company, Diamond Springs; Fruit Growers Supply Company, San Francisco; Michigan California Lumber Company, Camino; McClellan River Lumber Company, McClellan; Blakely Lumber Company, Mt. Hebron; Paradise Lumber Company, Paradise; Pickering Lumber Company, San Francisco; Pacific Coast Lumber Company, San Francisco; Tannen Lumber and Box Company, San Francisco; Red River Lumber Company, San Francisco; Henry A. Kurris, Sonora; A. M. Lewis and J. E. Shain, Marysville; Harry Horvath, Clayton; Blair Brothers Lumber Company, Placerville; Hubert and Lyle Company, Robert Mills and Swayne Lumber Company, Oroville.

**CHICAGO NEARLY BANKRUPT**

Officials Call on Experts to Bring Order Out of Chaos in City and County Funds

CHICAGO, June 6. (Exclusive)—City and county officials took steps today to avert the financial crisis which they declare is rapidly approaching for both local governments. They agreed to the appointment of a commission of nationally known financiers and economists who are free of political obligations to aid them in finding a way out of the present taxation chaos so that funds may be made available for governmental use. The commission will be chosen jointly by the City Council and the county board.

**EDISON USES SOUND FILM FOR SPEECH**

Inventor Gives Message to Electric Light Delegates Via New Medium

ATLANTIC CITY, June 6. (P)—From his home near Fort Myers, Fla., Thomas A. Edison delivered a personal message to the delegates of the National Electric Light Association, who today celebrated Edison day.

Mr. Edison appeared through the medium of a Movietone film, which pictured him as strong, active and smiling. Mr. Edison said:

"When I invented the incandescent lamp, I realized that the lamp alone was not enough. It was necessary also to perfect a system of electric generation and distribution. I immediately set about to develop it, and it makes me happy to know that the system as well as the lamp still persists in all its essentials."

"I had in those days a high opinion of my invention. All inventors have. But I must confess that I never dreamed that from it would come the stupendous electric industry of today."

"Naturally I am gratified to feel that I have been privileged to play a part in this vast achievement. I am proud of the electrical industry—of its vision, courage, zeal and devotion to public service and I suspect every American feels the same way about it."

"It is a great reward to me and the many colleagues and co-workers who I rejoice to say, still are living, that they have survived to see the full fruit of our labors. The record is wonderful; but fine as it is it can be made still better and I have a feeling that in your hands it will be."

**CALIFORNIA BOND DEBTS SHOW GAIN**

Total of \$756,318,696 for Year Discloses Increase of \$45,000,000

SACRAMENTO, June 6. (P)—The bonded indebtedness of the State of California, its counties and municipalities totaled \$756,318,696 for the fiscal year ending June 30, 1929, an increase of \$45,000,000 over the preceding year.

Ray L. Riley, State Controller, declared in his annual report of governmental transactions, issued today.

This total Riley divided as follows: State issues, \$114,274,500; county issues, \$230,500,815; and municipal issues, \$391,543,381.

The State's bonded debt increased 9.12 per cent over 1927, an increase entirely due to the building and veterans' farm and home building bonds. Riley stated.

He said that county bonds are increasing at a fairly stable ratio of \$20,500,000 annually. Receipts for counties since 1912 are an increase of 800 per cent, nonoperative properties bearing 304 per cent of the burden.

For the past several years, there appears to be a constant ratio of \$20,000,000 a year or more of increased county bonded indebtedness," the controller said. "Since 1920, in supplying this increase to associated values, the bonded debt shows an increase of 6.75 per cent each year greater than that of assessed nonoperative property."

Municipal bonded debts are increasing approximately \$25,000,000 annually, Riley estimated. He declared that receipts since 1912 show an increase of 311 per cent and the nonoperative property 304 per cent.

**Sutcliffe Trial Begins in North**

SAN FRANCISCO, June 6. (Exclusive)—With the selection of a jury of ten men and two women the trial of Frank Sutcliffe, Los Angeles hotel man, accused of assault with intent to commit murder, started in Judge Lyle T. Jack's crowded courtroom today. Codefendants with Sutcliffe are three private detectives, Claude Cooley, Robert Shore and Frank D. Thayer.

Sutcliffe is charged with attacking and cutting with a knife Carl Bengtson, pianist, in a bedroom of a downtown hotel on February 6, last, while Mrs. Pearl Sutcliffe, wife of the defendant, was present.

**New Altitude Mark Official**

PARIS, June 6. (P)—The International Aeronautical Federation today accepted the altitude attained by Pilot Willy Neuhof, German flyer, on May 26, as the world's altitude record, homologating his record of 12,730 meters (41,752 feet).

The federation also homologated the previous record established by Lieut. A. Boucicault, United States Navy, on May 8 at Washington, 11,980 meters (39,444 feet). This beat the 11,710-meter mark set by Lieut. C. C. Champion in 1927.

**JOHN E. KELLER DIES**  
NEW YORK, June 6. (P)—John E. Keller, character actor and for forty-four years a favorite on the American stage, died suddenly today at the Yonkers home of Alfred Dresler. He had been ill since his last appearance in "Trelawney of the Wells" in 1927.

**REFORMATORY LEAGUE COUNCIL STUDY PLANNED FIXES PROGRAM**

Chief of Children's Bureau Quarterly Public Session to Check Up Results Will Begin Monday

Before and After Effects Problem of Minority Nations Will Be Investigated Will Be Debated

Boys Not Always Benefited, Evidence Indicates Review of Committee Work Placed on Schedule

WASHINGTON, June 6. (P)—Convinced that reformatories often make bad youngsters worse and good ones weak, Grace Abbott, chief of the Children's Bureau of the Department of Labor, is planning a nation-wide study of the "before-and-after" effects of institutions for delinquent boys.

She has found that information gathered second-hand indicates that boys are less likely to succeed in business and other aspects of living after they have been "reformed."

More than thirty questions figure on the agenda of the public session, with the problem of minorities leading in importance for Europe.

The council will note also the results of the negotiations conducted by the German and Polish governments in April. These conversations took place in Paris under the presidency of M. Adachi with the assistance of M. Calender, president of the Upper Silesian mixed commission.

The object of this meeting was to settle certain points relating to the interpretation of the German-Polish convention of 1923 on Upper Silesia. The council also will examine specific cases concerning minorities in German and Polish upper Silesia.

The council will review the work of all committees, commissions and conferences that have met since its March session.

These include the health committee, the economic committee, the financial committee, the refugee commission, the commission for the protection and the welfare of children and young people, the permanent central opium board, the preparatory committee for the conference on the codification of international law, the committee of jurists for the revision of the statutes of the World Court, and the committee on communications and travel.

**This Laundry Bundle Never Went in Wash**

FRANKFORT (Ky.), June 6. (P)—A \$1,500,000 laundry package was delivered by automobile from Louisville to the State Insurance Department here yesterday. The bundle, loosely wrapped and bearing a slip checking its contents as being shirts, socks and other wearing apparel, contained negotiable securities that were brought here by representatives of a Kentucky insurance firm to deposit in accordance with the law requiring insurance companies to keep a specified amount of securities in the State vaults.

The laundry bundle wrinkle is a new method for transporting \$1,500,000 for fifty-seven miles and is said to be the idea of the insurance company representatives.

**Federal Bureau of Arts Sought**

CHICAGO, June 6. (P)—Frederick P. Stief, Baltimore piano manufacturer, today announced plans of the National Association of Music to promote a department of fine arts in the Federal government. The plan calls for a Federal bureau to operate under the Department of the Interior, the creation of a fine arts building in Washington, and the launching of competitions throughout the country in the four arts—music, architecture, painting and sculpture.

**Aide Named to Treasury Staff**

WASHINGTON, June 6. (P)—President Hoover has appointed E. K. Heath of Grand Rapids, Mich., Assistant Secretary of the Treasury in charge of public buildings, succeeding Carl T. Schuneman, who has resigned.

**NEW KLAMATH FALLS LINE WINS SUPPORT**

BALT LAKE CITY, June 6. (P)—The Balt Lake Real Estate Board today passed a resolution urging the Interstate Commerce Commission to grant permission for building a rail line from Klamath Falls, Or., to Keddle, Cal., to connect the Great Northern and the Western Pacific railroads. Building of the line, the resolution asserted, will provide a healthy railroad competition and hasten the development of the intermountain country.

**HOOVER PAID HONOR BY BOY CLUB FEDERATION**

BOSTON, June 6. (P)—Herbert Hoover was elected honorary president of the Boys' Club Federation International at the annual convention today. William E. Hall of New York was re-elected president.

**HOOVER WILL ATTEND OHIO LOCK OPENING**

WASHINGTON, June 6. (P)—President Hoover will attend the celebration marking the completion and opening of the great lock system on the Ohio River extending from Pittsburgh to Cairo and forming a part of the inland waterway system.

**POLICE CHIEFS ELECT TO WISCONSIN**

ST. LOUIS, June 6. (P)—Dr. Francis Scott McBride, superintendent of the Anti-Saloon League of America, left here tonight for Milwaukee to meet the directors of the Wisconsin League and plan a campaign for the enactment of a new prohibition law to take the place of the one stricken from the statutes recently.

**Boy Wounded by Young Brother**

GREENUP (Ky.), June 6. (P)—Billie Gahan, 10 years of age, son of Mr. and Mrs. Lyde Gahan, Edgington, is in a serious condition here tonight from wounds received today at the hands of his brother, Clarence, 6, who fired a shotgun as the elder boy lay in bed.

**He Can Keep His on Golf**

For he will receive a \$200 Interest Check from Pacific States Savings and Loan

John B. recently sold his business, retired, placing his funds in various investments of unquestioned safety.

Among these investments is \$40,000 in Pacific States Savings 6% P.W.D. Income Certificates. These certificates, in addition to their interest, are proven for more than 40 years—ready convertibility into cash at par—unusual advantage.

Regardless of when they are purchased, they are P.W.D.—Paid When Desired—on the annual dates most convenient to the purchaser.

We have staggered the semi-annual interest on Mr. B.'s P.W.D. Certificates to give him a \$200 income on the tenth of each month.

On what dates would you like to receive interest? Six per cent P.W.D. Certificates provide it.

**Earn 6% on Savings**  
Start with as little as \$3. Add to it as you wish. Convenient withdrawal facilities.

# Where Can You Invest \$2500—or \$250,000 —More Profitably?

**Y**OU have been thinking of Rancho Santa Fe as a superb place for the wealthy to play.

It is high time to consider it as a place for your own safe and profitable investment.

Opportunities are not unlimited at Rancho Santa Fe, and present low prices can not continue long.

It has been frequently said that Rancho Santa Fe is to Southern California what the Monterey Peninsula is to Northern California or what Montecito is to Santa Barbara County.

It is true that the three have qualities in common. It is equally true that each possesses characteristics distinctive unto itself.

Certain it is that you can buy an estate at Rancho Santa Fe, which is 6 years old, for one-tenth the cost of comparable property at Del Monte or Montecito, which are 60 years old.

Certain it is also that a few more years of Rancho Santa Fe's planned development program must eliminate this difference in values.

Two attributes of Rancho Santa Fe stand out as shining beacons to all who seek the finest in home surroundings.

First, the best climate in America.  
Second, the planned development.

Nature provided constant cool ocean breezes and tonic air free from dampness in a colorful region of natural beauty.

Men with vision and capital, starting at the grass roots, have created a safeguarded recreational-residential environment as nearly ideal as human imagination will permit.

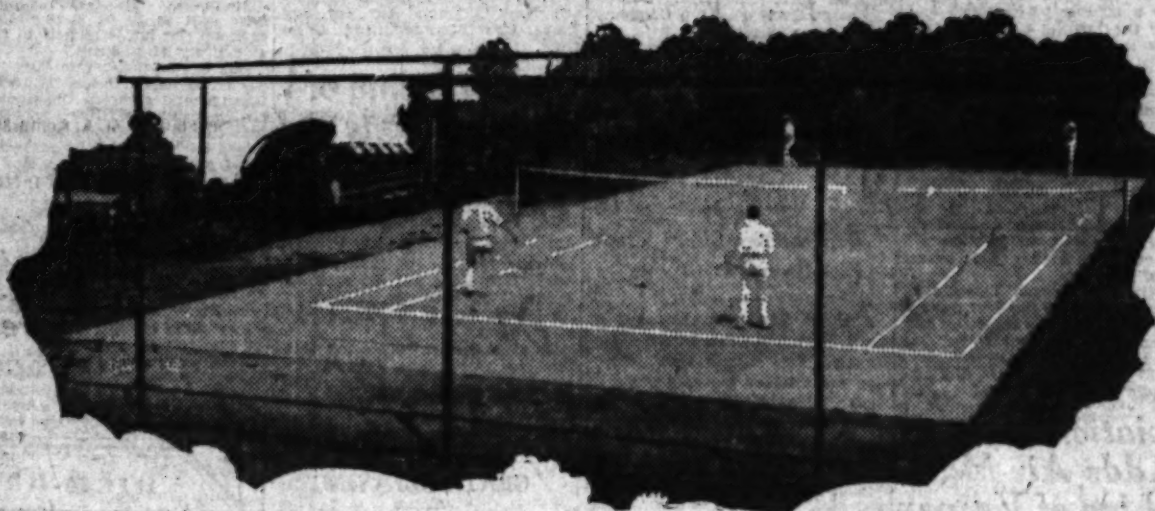

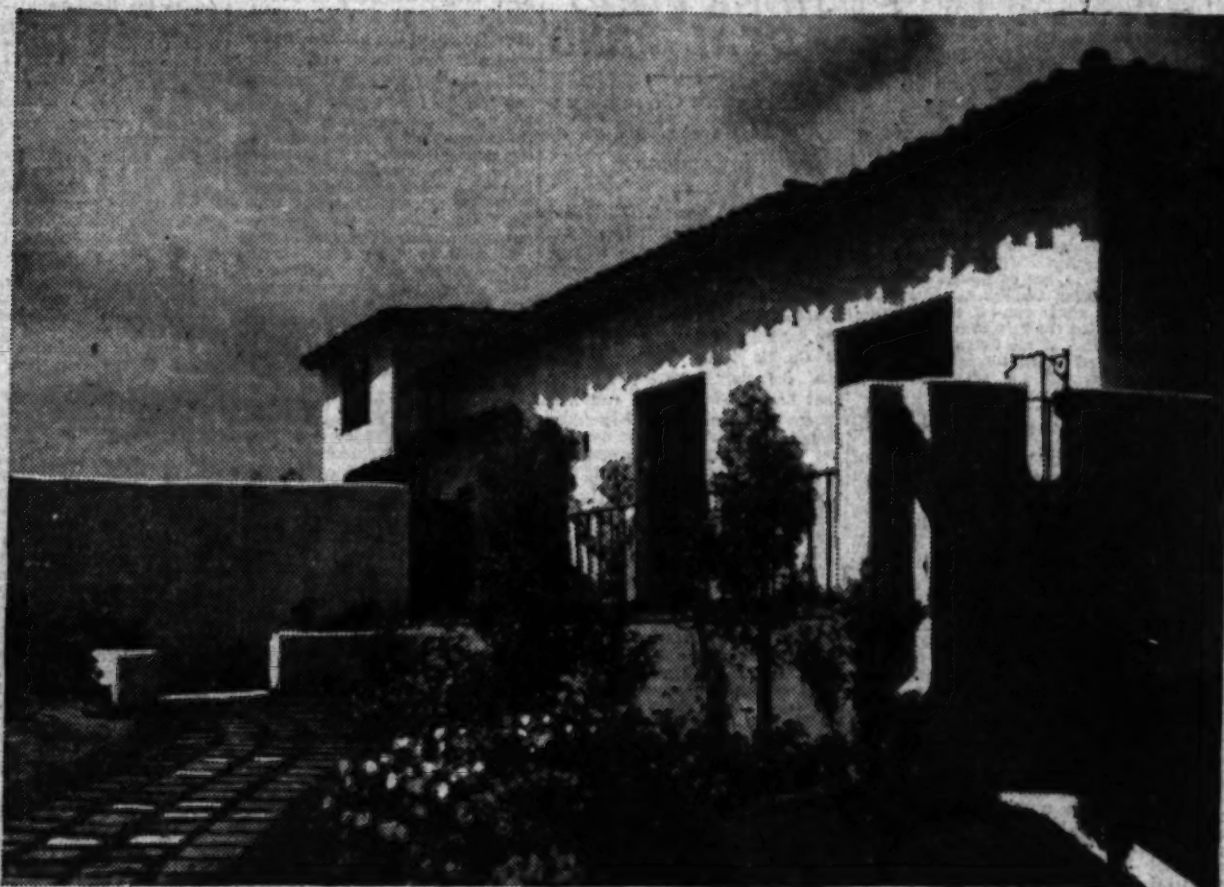

Year by year the influx of Easterners to Southern California is increasing. Many with ample means want what Rancho Santa Fe alone offers in Southern California.

Within the last month an Easterner offered for a particular property at Rancho Santa Fe twelve times the price paid for it four years ago. And

was refused!

This is a special case, and we would not have it taken as a general index to normal value increases. It is merely cited to emphasize a trend which your own business judgment will tell you is certain and inevitable.

There are less than 200 Golf Course Estates at Rancho Santa Fe. There can never be any more property in Southern California with just the same strategic factors of value. Some of these properties are selling now for as little as \$1500. Your name on the coupon below will bring full details.

## Typical Estates

**.64 Acre Estate**, Lot 62, Block 18, surrounded by park area and close to golf course, \$50,000 residence just finished on next property. Bridle paths through park directly adjoins property.

Price ..... \$1750.00

**15.63 Acre Estate**, Lot 7, Block 34—fine building site with intimate view of ocean, close to golf course. Opportunity to develop diversified orchard on this large property. High pressure water piped to property ..... Price \$7815.00

**.77 Acre Estate**, Lot 84, Block 26, Electric lines in conduit, high pressure water for domestic use and landscaping. On private paved road leading to four estates. This property has splendid view of ocean and mountains. Price \$2500.00

**.90 Acre Estate**, Lot 70, Block 26. Large estate with view of mountains and golf course, five minutes ride from Civic Center and hotel. Village has all needed conveniences ..... Price \$2250.00

**1.08 Acre Estate**, Lot 72, Block 26, close to golf course, bridle paths and Civic Center. Electric lines in conduit, high pressure water ..... Price \$3440.00

**2.00 Acre Estate**, Lot 14, Block 37—secluded property in lovely wooded area. Some very fine homes being built nearby ..... Price \$2000.00

## LISTING OF NEW STOCKS PASSED

Five Issues Approved by Los Angeles Exchanges

Utility and Airplane Shares Voted by Older Mart

Radio, Oil and Financial Concerns on Curb

Applications for listing the stocks of two companies on the Los Angeles Stock Exchange and three on the Los Angeles Curb Exchange were approved yesterday. The new listings on the stock exchange are 10,000 shares of no par Class A common stock of Pacific Public Service Company and 100,000 shares of no par common stock of Alexander Industries, Inc. The board of governors also approved the listing of 212,000 additional shares of no par common stock of Pacific Light and Power Corporation, effective immediately.

New listings on the curb exchange include 150,000 shares of no par common stock of the Kemper Radio Corporation, 1,370,418 shares of no par common stock of Superior Oil Corporation and 11,700 shares of no par common stock of the Whiting Finance Company. Trading in the Superior Oil stock, which is listed on the New York Stock Exchange and is not the company now listed on the Los Angeles Stock Exchange, will be called today; Whiting Finance, next Tuesday, and Kemper Radio at a date to be announced later.

**OWNERS UTILITIES**  
The authorized capital of Pacific Public Service Company consists of 800,000 shares of Class A common, 200,000 shares of Class B common and 10,000 shares of first preferred cumulative stock. Organized in October, 1928, the company now owns 50 per cent of the common stock of Coast Counties Gas and Electric Company and all of the common stock of California Consumers' Company and California Consolidated Water Company. Through its subsidiaries the company serves more than sixty California cities with electric light and power, manufactured gas, distilled and spring water and ice. The stock will be called for trading next Thursday. The additional listing of Pacific Light and Power Corporation brings the total common stock listed to 1,460,000 shares out of an authorized total of 7,000,000 shares. The company also has authorized capital of 1,000,000 shares of \$5 dividend preferred and 500,000 shares of \$5 dividend preferred stock.

## SLIGHT DROP REPORTED IN BORROWINGS

Stock Market Loans Off \$4,000,000 from Total of Previous Week

WASHINGTON, June 6. (U.P.)—Loans to brokers and dealers held by New York Federal reserve banks for the week ending the 5th inst. were announced by the Federal Reserve Board today as \$5,264,000,000, representing a decrease of \$4,000,000 as compared with the preceding week. The loans for the week ending June 6, 1932, were \$4,562,000,000.

The detailed distribution of the loans over the three weeks dealt with in the board's report was as follows: For the week ending June 5, 1932, \$5,264,000,000; for the week ending May 29, 1932, \$5,268,000,000; for the week ending May 22, 1932, \$5,268,000,000.

Comparative weekly figures of brokers' loans with corresponding periods of last year follow:

Week ending:	1932	1931
June 5	\$5,264,000,000	\$5,268,000,000
May 29	\$5,268,000,000	\$5,268,000,000
May 22	\$5,268,000,000	\$5,268,000,000
May 15	\$5,268,000,000	\$5,268,000,000
May 8	\$5,268,000,000	\$5,268,000,000

## New Financing Announced for Federal Water

New financing to be undertaken by the Federal Water Service Corporation will consist of a new issue of \$5,000,000 convertible 5 1/2 per cent debt debentures which will constitute the company's only funded debt outstanding. It was announced yesterday.

A syndicate headed by G. L. Ostrum & Co., and Bonbright & Co., and including Janney & Co., Coffin & Burr, Inc., Graham Parsons & Co., and Field, Clark & Co., will offer the debentures for public subscription today. The debentures will be convertible into Class A stock up to May 1, 1933, into sixteen shares for each \$1000 debenture, thereafter to May 1, 1933, into sixteen shares, and thereafter to May 1, 1933, into sixteen shares.

## EDISON NET TO RUN HIGHER

Earnings for Common in 1929 Estimated at \$3.25, Compared With \$3.10; Water Run-off Late

BY EARLE E. CROWE  
Slower run-off of water this year in the mountains has forced the Southern California Edison Company to rely chiefly on steam power in the early months, but in the last half of the year it is expected that the volume of water stored will be as great or greater than last year. Slow melting of the snow on the watershed will facilitate storing of water, allowing efficient use of storage capacity and favorably influencing earnings in the latter part of the year.

At the rate gross earnings are running and anticipating substantial reduction in operating expenses through use of hydroelectric power, it is unofficially estimated that earnings on Edison common for 1929 will amount to approximately \$3.25 a share on the common after allowing for estimated depreciation and other charges. This figure is based on an average of 2,510,000 shares to be outstanding, and would compare with \$3.10 a share in 1928 on the same number of shares.

**FUEL COST HIGH**  
Precipitation on the Edison watershed this season totals 19.01 inches, or about the same as in the previous season. The snowfall has been heavy, but cold weather in the early spring months has prevented a rapid water run-off and naturally affected the flow into the storage reservoirs. While this situation has conserved water for later use, it has increased the cost of power by steam increased the fuel bill 100 per cent in the first three months over the same period in 1928.

When the Florence, Huntington and Shaver lakes are all filled the total water-storage capacity amounts to 200,000 acre feet. These lakes, fed by the power plants located in the mountains, and this season will supply a new plant recently completed.

Because of the sharp rise in the cost of operations in the first quarter arising from the use of fuel oil in steam plants, the earnings on the common after estimated depreciation and preferred dividends were slightly higher than of the same period of 1928. On 2,510,000 shares of common the earnings were approximately 37 cents a share, compared with 36 cents on 2,510,000 shares in the first quarter of last year. On the same number of shares, however, 1928 first-quarter earnings were 48 cents a share.

**GROSS UP SHARPLY**  
Remembering that the first three months are usually the most profitable for California light and power companies, the growth in Edison gross income in the first quarter stands out as a notable performance and reflects the healthy status of business in the Edison territory. Gross earnings were 18 per cent higher for the first three months, as compared with the first quarter of 1928, while the following month of April resulted alone in a gain of 14 per cent.

Most of the increase in gross earnings is assigned to the demand from industrial consumers. The expansion in Southern California industries has developed a source for Edison power that is expected to grow even faster than the current rate of increase.

Another significant measure of Edison progress in the first quarter is contributed by the report on new business. The net increase was 70,330 horsepower, which compares with 31,823 horsepower in the initial quarter of last year.

## Aviation Unit Adds Air Mail Line of Varney

Aviation Corporation of California, through Bond & Goodwin & Tucker, Inc., its financial agent, has acquired the assets and liabilities of Walter T. Varney, who operated between Salt Lake City and Fresno, Wash., and has formed a new company known as Varney Air Lines, Inc., under the laws of Delaware.

The Varney associated enterprises, including the passenger service and plans are also a part of the acquisition. No public financing is contemplated, according to the report. Nion R. Tucker, president of Bond & Goodwin & Tucker, Inc., and Thomas B. Bond, vice-president of the same banking house and vice-president of Aviation Corporation of California, will be vice-presidents of Varney Air Lines, Inc., as well as directors.

## UNITED CORPORATION OFFERS STOCK RIGHTS

NEW YORK, June 6. (Exclusive) Directors of United Corporation, the Morgan-Bonbright utility holding company, have recommended to stockholders that the authorized capital be increased from 19,000,000 to 20,000,000 shares, and, subject to approval, have voted to offer rights to purchase the new common stock at \$27.50 a share in the ratio of one new share for each five shares now held. A stockholders' meeting has been called for July 10 to consider these proposals.

## AXELSON FORMS AIR MOTOR ARM

Machine Company Organizes Delaware Subsidiary

Action Prompted by Growing Demand for Engine

New Organization to Erect Factory at Once

Formation of the Axelson Airplane Engine Company as a Delaware corporation to take over the manufacture of the Axelson airplane motors is now under way, officials of the Axelson Machine Company of Los Angeles stated yesterday. Plans are now being completed for the construction of a new factory for the airplane company which will be adjacent to the Axelson plant at Randolph street and Boyle avenue.

As the rate gross earnings are running and anticipating substantial reduction in operating expenses through use of hydroelectric power, it is unofficially estimated that earnings on Edison common for 1929 will amount to approximately \$3.25 a share on the common after allowing for estimated depreciation and other charges. This figure is based on an average of 2,510,000 shares to be outstanding, and would compare with \$3.10 a share in 1928 on the same number of shares.

## PLANS FOR HUGE FOOD DEAL PENDING

Fleischmann Company Would Form Nucleus of Gigantic Combine

NEW YORK, June 6. (Exclusive) Wall Street financial interests are laying the foundation for a huge consolidation of food manufacturers, using as a nucleus the Fleischmann Company, in which the banking house of J. P. Morgan & Co. is heavily interested. It was definitely established today that negotiations to this end have taken place with the encouragement of some of the most powerful groups in the financial district.

The negotiations for the consolidation are understood to have centered around the Fleischmann Company, among other reasons, because of the strength of that corporation's distributing organization. The Fleischmann Company operates fleets of delivery wagons and trucks delivering to grocery stores, drug stores, delicatessen stores, soda fountains and other retailers of food products throughout the United States.

According to reports in Wall Street, it was the magnitude of the delivery organization of the Fleischmann Company that first inspired the minds of interested bankers the possibility of great consolidation of food products and similar companies which might avail themselves of the distributing organization.

Negotiations have been under way some time, and there have been rumors from time to time that the Fleischmann Company was in the process of negotiating with various corporations with the merger negotiations, such as, Royal Baking Company, Campbell Soup Company and Heins Company.

## PROMOTION AWARDED TO R. W. MILLAR

Los Angeles Manager for Bancamerica-Blair Made Vice-President

Richard W. Millar, manager of the Los Angeles office of the Bancamerica-Blair Corporation, yesterday was elevated to the position of vice-president, according to an announcement received from the New York office. Mr. Millar will continue in charge of the Los Angeles and Southern California branches of the Bancamerica-Blair Corporation.

The Bancamerica-Blair Corporation was recently formed as a consolidation of the investment banking business of Blair & Co., Inc., and the investment subsidiary of the Bank of America of New York, Elsie Walker, formerly president of the Blair organization, heads the consolidated company.

Mr. Millar, after graduating from the University of California at Berkeley, entered the service of Blair & Co., Inc. in 1922 as a salesman. Besides his connection with the Bancamerica-Blair Corporation, Mr. Millar is a director of the Beverly Hills Hotel Corporation, Grand Central Air Terminal, and Mexican Petroleum Company of California.

**MERGER RUMOR SPIKED**  
NEW YORK, June 6. (Exclusive) Rumors that the California Packing Corporation may take over the Snider Packing Corporation on a stock exchange basis today were dispelled by a statement from the company to be without foundation.

## WHEAT DROP ALREADY FELT

Standard Statistics Organization Says Effects of Sharp Break Disturbs Confidence

BY JOHN F. SINCLAIR  
(Copyright, 1932, by North American Newspaper Alliance)

NEW YORK, June 6.—Standard Statistics, an authority in the business field, says the drastic decline in wheat prices "had already seriously disturbed confidence and might well bring numerous repercussions in various business fields during the next several months."

Wheat is the largest single contributor to the cash income of the American farmer, so any serious reduction in its price cuts down his cash purchasing power. Cash to the American farmer is like fresh air to the lungs—a life-saver.

A year ago wheat was selling around \$1.60 a bushel. Last week May wheat sold as low as 93 cents at the terminal centers—the lowest in fifteen years.

The last few days wheat prices have risen considerably. Still, prices are hovering around a dollar a bushel, which gives the farmer somewhere between 90 cents and 85 cents. This is not enough.

The 1929 winter wheat crop, according to Standard Statistics, receives a gross valuation of only \$657,777,771, as against an estimated \$658,000,000 at this time last year for the 1928 crop (which, incidentally, was 20,000,000 bushels smaller than the estimated 1929 return) so the larger crop of this year is valued in the future market at about 24 per cent less than last year.

The loss of cash purchasing power on the farms, if continued, will affect a considerable number of large industries, automobile, farm machinery and retail merchandising among others. In the country as a whole the unfortunate wheat prices may be nothing more than a temporary disturbing factor.

Up-to-date corporation earnings have attained new high record levels in the current first half of the year. The composite net incomes of nearly 900 leading industrial, railroad and utility companies in the first quarter were fully 32 per cent greater than a year ago, and for the half-year at least a 20 per cent aggregate gain is looked for.

This much can be said—the drastic decline in wheat values has centered the eye of the nation on the farmers' problem. While the wheat crop is by no means an all inclusive determinant of business, it holds the spotlight today.

And this may mean much more to the discouraged wheat farmer than he now realizes.

The Chicago World's Fair of 1933 should be a great success. For some time booster membership have been sold to the Chicago people, and 123,000 persons have sent in \$5 or more each to back up the fair, which is to show a "century of progress."

But it was not before last week, when Charles G. Dawes returned to Chicago and accepted the financial chairmanship of the exposition, that the nation's eye was turned to the fair. He surprised the committee by agreeing to raise \$10,000,000 before sailing today to become Ambassador to England.

Four days ahead of schedule the committee announced that this sum had been oversubscribed. One unique feature of the exposition is that bonds will be offered to the public. These bonds will be secured by lien upon and transfer of the first 60 cents of every dollar of gate receipts.

So this Chicago banker, with the Chicago exposition well on its way to success, left Chicago to sail today for England to present his American credentials as the successor to A. B. Beesmyer announced yesterday.

## ORATOR LEAVING

R. L. Gordon to Enter A. I. B. Contest at Convention

P. R. Williams, vice-president, Bank of Italy, leaves today for Tulsa, Okla., to attend the American Institute of Banking convention, the 10th annual, at which he will be president. He will address the conference on public education.

Accompanying Mr. Williams will be R. L. Gordon, manager of the Williams-Western branch of the Bank of Italy, who won the California championship in public speaking and will compete for national championship of the A. I. B.

Public opinion among the banking group is fostered by the A. P. Giannini Foundation of \$50,000. The income from this fund pays all expenses of contestants to the convention, at which they compete for four prizes totaling \$1100.

## METINGS TODAY ON BANK MERGER PLAN

Special meetings of stockholders of the Pacific National Bank and of the National Bank of Commerce will be held at 3 p.m. today for the purpose of passing upon the proposed consolidation of the two banks. At these meetings the complete plan of consolidation will be presented and the approval of stockholders will be asked. Under the plan of consolidation the name of the consolidated bank will be Pacific Bank of Commerce, National Association. The institution will have resources in excess of \$28,000,000.

## CONTINENTAL BANK VOTES STOCK BOOST

NEW YORK, June 6. (Exclusive) Continental Bank of New York has voted to increase its capitalization to provide capital of \$6,000,000, surplus of \$1,000,000 and capital of \$7,000,000, for a total of \$14,000,000. It was stated that 70 per cent of the bank's business is in the brokerage field.

**GASOLINE PRICE ADVANCED**  
NEW YORK, June 6. (Exclusive) Standard Oil Company of New York has advanced the retail price of gasoline 1 cent a gallon in New York State outside of the metropolitan area, making the price 19 cents including the 3 cent state tax. Tank wagon price remains at 17 cents.

## TRADING ON STOCK

Turnover for Week Under 3,000,000

Substantial Gain by Number of

Van Sweringen

NEW YORK, June 6. (Exclusive) stock market activity was comparatively quiet today, but a substantial gain was made in the volume of trading to have reached 3,000,000 shares.

Traders were driven close to shore and the wind storming in from the west, but the volume of trading was maintained at a level of 3,000,000 shares, a gain of 1,000,000 shares over the previous day.

There was little news of the weekly Federal Reserve meeting, as the fact that the meeting was held was not widely known. The meeting had been held on Wednesday, June 6, and had been held on Wednesday, June 6, and had been held on Wednesday, June 6.

## Machine Gun Captured in Police Raid on Nest of Asserted Counterfeiters' Ring

## SPURIOUS NOTES SEIZED IN ROOM

Woman Booked for Inquiry on Bogus Currency

Man Linked to Burglary by Fingerprints on Glass

Information Gained Through Piecing Turn Letter

With the arrest yesterday of Mrs. Myrtle Cohen, 34 years of age, and Oscar Wonderlich, 18, police and Federal officers obtained information which, they say, may lead to the apprehension of a large counterfeiting ring.

In the room in which Mrs. Cohen was taken into custody detectives reported finding \$800 in asserted counterfeit \$20 bills. These bills, they declare, are of the same species as a large number circulated in several Pacific Coast cities by members of a counterfeiting ring for whom Federal authorities have been searching for the last three months.

## WEAPON FOUND

When the men also were found a .38 Smith & Wesson revolver. This weapon, police believe, is one of several taken by Wonderlich in the burglary of the California Arms Company establishment at 2225 Wilshire Boulevard, recently. Wonderlich, they say, is an acquaintance of Mrs. Cohen, and is believed to have left the weapon with her. She denied knowing what the box contained or any knowledge of the asserted spurious currency.

Wonderlich was arrested in the act of making a grocery at 1150 South Main street by a night watchman, according to police reports. He was turned over to Detective Lieutenant Jones and W. H. Field, who, upon searching his rooms at 3305 Descanso Drive, found seven sacks filled with canned goods.

Shortly after this discovery Police Expert Hildebrand reported that Wonderlich's left thumb print was found on a glass window at the California Arms Company. Following a brief questioning of the suspect, Detective Lieutenant Robinson of the burglary detail arrested Mrs. Cohen. Her address was withheld. Her two children, Esther, 2, and Lucille, 4, were given into the care of juvenile authorities.

**BOOKED AS TRANSCIENT**  
Mrs. Cohen, booked as a transient, is charged with suspicion of counterfeiting and possession of a machine gun. Wonderlich is held on a charge of burglary.

The California Arms Company branch here is managed by Clifton Shirley, ex-Los Angeles police officer.

While police and Federal officers refused to disclose details of their investigation, they admitted that the finding of the counterfeit money yesterday has provided them with information which may lead to the identification of members of the counterfeiting ring operating on the Pacific Coast.

Some of this information is said to have been found in a letter

## TENNIS STAR'S SPOUSE FREED

Mrs. Snodgrass Awarded Divorce on Grounds of Cruelty

Harvey Snodgrass, well-known tennis player, was freed from the bonds of matrimony yesterday when Superior Judge Wilson granted Mrs. Agnes Snodgrass a divorce on the grounds of cruelty.

In her testimony Mrs. Snodgrass declared that her husband nagged her and on one occasion objected to her spending \$1 on a nurse. She also declared that Snodgrass called their children pests.

The tennis player did not appear to contest the action.

which, detectives said, Mrs. Cohen tore up and attempted to swallow just before she was taken into custody.

## HUGE THEATER MERGER NEARER

(Continued from First Page)

means absolutely certain, it was said.

It has been indicated several times that valuation of certain theaters and other Pantheons holdings by the Pacific Coast magnates have not met with approval of the New York organization.

Fifteen theaters and all the Pantheons theatrical real estate holdings, including the Pantheon Theater Building at the northwest corner of Seventh and Hill streets, are included in the merger plan.

## WARNERS BUY CHAIN

Yesterday dispatches from New York stated that S. Shouras, operating head of Warner Brothers theater department, had announced the acquisition by Warner Brothers of the Silverman Brothers theater circuit in Pennsylvania, Ohio and Maryland, and two Cleveland (O.) houses.

Jack Warner last night said he has not received confirmation of the purchase, but that negotiations have been pending with the Silverman Brothers for some time. Neither would he commit himself upon whether this purchase is indicative of further expansion of Warner's theater.

"Any statement from me would be premature and I would rather that it be made officially from the New York office," he said.

## HEARING POSTPONED

Hearing of protests against the ordinance of intention for the improvement of the streets in Pickford-street and Verdun-avenue Improvement District was postponed by the City Council yesterday to the 25th inst. The protests were sent to the City Engineer for checking.

## TROJAN JUNIORS GIVEN "RAZZ" Senior Mystery Bag Proves the Berries

Senior Mystery Bag Proves the Berries

It's All in Fun  
Bernice Palmer (left) graduating senior at U.C., hands traditional "mystery bag" to Doris Tennant, junior, which proves to contain only raspberries for the junior class.

GIVING the "raspberry" to the junior class literally as well as figuratively, senior class members of the University of Southern California started the campus yesterday in the traditional Ivy Day ceremonies on the lawn of Old College. Miss Bernice Palmer, senior co-ed, who served as assistant editor of the Daily Trojan this year and who is a former secretary of the Associated Students, delivered an oratorical prelude to the passing of the traditional "mystery bag" to Doris Tennant, representing the junior class. The mystery bag, whose contents are secret and are expected to give renewed life to the juniors, was renewed when opened, to contain a box of raspberries.

The event followed another "razz-

ing" given the juniors by Bill Ruyman, law student, who read the class in a dignified senior chapel meeting in Severd Auditorium. The will proved to be satirical "be-queathing" of many useless campus articles to the rival class.

The graduating seniors, clothed in caps and gowns, stood in silence while Bob Behlow, retiring president of the Associated Students, and Charles Wright, senior class president, planted a tiny Sequoia tree. This tree will grow beside other class trees on Old College lawn in memory of the class of 1935.

Planting of the ivy followed, with junior class co-eds, dressed in white, furnishing the long chain of ivy in a procession. Charles Wright and Charles Nielsen, representing the two classes, smoked the traditional pipe of peace. Glenn Johnson and Bradford Olsen, representing the sophomores and freshman classes, buried the Trojan hatchet as a symbol of their friendship.

President R. B. Von Klein-Smith addressed the graduates in the senior chapel service. Harry Lee Martin, of the class of 1936, inaugurated a new Trojan tradition by presenting the class with a record book of finest leather and binding, in which will be written the record of each graduating class one year after its commencement exercises are completed. This will begin with the record of the 1935 class next year.

## THE LANCER

(Continued from First Page)

Rhode Island kitchen door. They are a handsome, quiet people. The men ride back and forth in the worn old hay ricks, wearing bandos about their bobbed hair. The shirts poked into their overalls are exquisite with drawn work. Young girls, as lovely as fawns, with pounded silver necklaces and some with thick padded leggings.

## THE INDIAN ANSWER

The answer of the Indian is to be found in the middle of Isleta.

Over the trading post is a high radio tower with a metal ball for greater distance; but across the narrow lane from it is a great sacred kiva.

The kiva is new. And it is built of concrete—not of perishable adobe. It stands there like an impregnable fortress against the advances of the white man's civilization.

It is as though the Hopis had said: "We accept your radios and your phonographs and your moving machines; but the ancient religion of our fathers will stand there forever—a locked secret from you."

THE SECRET  
And it is and always will be a secret. There have been white men who got into kivas. Lumis was admitted to one; Harold Bell Wright saw certain ceremonies in one. Schultz, the author of Indian stories, had been admitted. But no one can honestly say he knows what happens in one.

Whenever an Indian begins to tell you about his religion, you can be sure he is no longer telling you the truth.

THE OTHER SIDE  
Whatever happens in the kiva in the way of religion does not interfere with the fact that the Indians are all faithful Catholics. Across the town from the kiva is the old church.

The Southwest Indian seems to be versatile spiritually. He goes to church; but he also makes dances in order to get the intercession of the heathen gods to bring rain.

## OFFICIAL VOTE TOTALS FIXED

No Material Changes Noted in Council's Canvass

Figures Show 263,960 Cast Ballots in Election

Chief Discrepancy Revealed in Werner Returns

The results of Tuesday's election were officially canvassed by the City Council yesterday and the survey showed no material changes from the results as determined by the semi-official count of City Clerk Dominguez on the night of the election, although there were some inconsequential changes in the figures.

The election will pass into history with the adoption of a resolution by the Council this morning giving the results of its canvass and declaring the victorious candidates elected.

The official figures showed that 263,960 votes were cast at the election. The total of votes for Mayor was 264,431, which is four more than the figure in the City Clerk's unofficial returns. The official returns give Mayor-elect Porter five less votes than he was credited with in the unofficial figures and Bonelli one more vote than the total announced Wednesday morning.

The largest discrepancy noted in the official canvass is a gain of 286 votes for City Attorney-elect Werner over the total accredited to him in the semi-official tabulation. His opponent, Councilman Hall, also showed a gain of eleven votes. In the Council contest, the only striking discrepancy was the addition of fifty votes to the semi-official total of Councilman Hughes, defeated candidate for re-election in the Fourth District.

In the only Council district where the race was at all close, the eighth, where Evan Lewis was re-elected over James R. Gentry by a margin of 286 votes, the official canvass does not show the change of a single vote from the figures of the unofficial tabulation.

Following is the count shown by the Council's official canvass:

**FOR MAYOR**  
William G. Bonelli ..... 104,534  
John C. Porter ..... 151,916

**FOR CITY ATTORNEY**  
Erwin P. Werner ..... 123,941  
Pierson M. Hall ..... 23,455

**CITY COUNCIL**  
First District  
W. C. McCall ..... 1,275

## BOYS TO DEBATE FATHERS

Grant Elwood Shepard, 15-year-old son of Dr. Sheldon Shepard, will debate with his father the responsibility of the difficulties of the younger generation at the father and son banquet of the Goodwill Industries next Wednesday.

Grant has attracted attention this year by his gallantry in defense of youth and by his plea for what he calls the rights of childhood. He will direct his remarks at the banquet at "How to Treat a Boy."

Dr. Shepard, Grant's father, will speak to the boys, answering the arguments of his son and telling them "How to Treat a Father."

Officers of the Goodwill Industries expect this spirited discussion to give them a program of outstanding interest and importance.

**CONTRACT AWARDED FOR SWIMMING POOL**

The contract for construction of a swimming pool at Peralta Park was awarded by the Playground and Recreation Commission yesterday to E. T. Osborn, low bidder, at a cost of \$10,600. The contract for the plumbing was awarded to Thomas Harvey on his low bid of \$3800. The property was acquired having been donated to the city by a private citizen.

The pool will be located on a lot of 10,000 sq. ft. and will be 100 ft. long and 25 ft. wide. The pool will be 4 ft. deep and will have a diving board.

**LUXURIOUS comfort**

is wedded to beauty in this aristocratic couch hammock. It will add to your patio, terrace or garden a touch of color and refinement that you will always contemplate with pride. It is built by Kittle—the West's leading manufacturer of couch hammocks.

The supporting standards are of wrought iron, artistically forged. Helical spring suspension provides that buoyancy which is so desirable in a couch hammock. You will be able to make your selection from either a painted stripe or a woven fabric pattern, in which the vivid, new Castilian hues are harmoniously blended with the more subdued colors.

Finely tailored throughout, the cushion and back are heavily upholstered like a fine piece of living room furniture. The canopy is both adjustable and detachable. There are many other refinements which you can best appreciate by seeing these distinguished hammocks with your own eyes.

May be had in four different types as follows: Covered with painted stripe canvas, without canopy, \$39.75. The canopy is \$11.50 extra. Finished in beautiful woven stripes, without canopy, \$43.75. The woven stripe canopy is \$13.75 additional.

Failure Sufficient to Breach Purchase Contract

**School Board to Build Tennis Courts**

Construction of five tennis courts was approved by the Board of Education yesterday. The courts will be built at a cost of \$10,000. The schools to be built are: Eagle Rock, Los Angeles, and Washington High School. The old Haverdale tennis courts near the Santa Anita Hotel will be torn down and replaced by three new ones. The new courts will be built on a lot of 10,000 sq. ft. and will be 100 ft. long and 25 ft. wide. The pool will be 4 ft. deep and will have a diving board.

**Fight Against Stables Failure**

Will remain in Coldwater Canyon, so far as the courts are concerned.

This was made evident yesterday when Superior Judge Brown denied the plan of property owners for a side restraining the banker from maintaining his horses and stables in the exclusive Beverly Hills area on the grounds they constitute a nuisance.

The case has been in the Superior Court of and on for more than a year. It was called for trial yesterday but none of the plaintiffs or their attorneys appeared to prosecute the action, so Judge Brown denied the plan of the suit with no more to amend.

The commission appointed by the city government to study the financial possibilities of the proposed \$10,000,000 appeared in court this year.

## ACCEPTANCE OF DARE WINS FILM CONTRACT

Virginia Bruce

Virginia Bruce came to Los Angeles from Fargo, N. D., to enroll as a student at the University of California at Los Angeles. School officials told her to wait for the start of a new semester.

Not long after she and some of her friends engaged in a discussion of the difficulty of breaking into motion pictures and on a dare she took a test. This paved the way for her to work as an extra until the new school term.

But yesterday Miss Bruce forgot all about the school term, for she was signed at the Paramount studio to a long-term contract. Decried as a "spiritual" blond of fragile sweetness, Miss Bruce is a singer and musician of exceptional ability. She won her contract, studio executives said, for her work in bits in several Paramount feature productions.

Miss Bruce is a graduate of the Fargo high school and won honors there for her musicalship and debating.

The young girl is the discovery of William Beaudine, director, who was first to realize her screen possibilities. He has her personal contract. Miss Bruce is a daughter of Mr. and Mrs. E. S. Briggs, 4455 Lockwood avenue.

## ASSESSMENTS APPEALED

Appeals are scheduled to be heard today by the City Council against the assessments which have been spread for the widening of Los Feliz Boulevard between Brunswick avenue and the east city boundary line. The Council also is scheduled to hear appeals against the confirmation of the assessments for improvement of Weymouth avenue between Seventh and Thirtieth streets and of Mansfield avenue between Wiloughby and Melrose avenues.

## LOVE TALE TOLD BY TAXI DRIVER

Ben King Testifies at Hearing of Dr. Westlake

Says He Gave Mrs. Sutton His Pay for Four Years

Watch at Grave and Other Incidents Related

Ben King, taxi driver, yesterday related on the witness stand in Municipal Judge Calbreth's court the details of his strange love affair with Mrs. Laura B. Sutton, for whose alleged murder Dr. Frank P. Westlake, retired physician, is undergoing preliminary hearing. King, who admitted under cross-examination by William Kendrick, Jr., defense attorney, that his true name is Thomas J. Zek, also told of keeping vigil at the grave of Mrs. Sutton's mother in San Gabriel in the hope that she would visit him after her disappearance.

He left a note at the grave, he declared, imploring Mrs. Sutton, to whom he testified, that he had turned over his entire paycheck weekly for more than four years, to return to him. Dr. Westlake accompanied him to the cemetery several times, and on one visit remarked, "It looks like she's living, because the flowers are changed. She's probably trying to stay away from us both."

## HEARS ABOUT WILL

When he questioned Westlake, he was told that Mrs. Sutton had made a will leaving everything to the doctor, he declared. Westlake told him this included her lot in Westwood, Edison stock, insurance and cash. The doctor also said he had a bill of sale for Mrs. Sutton's furniture, King testified.

King testified that he heard Mrs. Sutton's voice, but did not see her at about 3 a.m. on March 28. He washed his hands in the house at 2012 West Thirtieth street after running from work and went to bed in the garage in the rear where he slept, he said. Next night when he returned from work he found a note from Dr. Westlake in the kitchen of the house, asking him to see him at his residence at 1810½ West Eleventh street. He went there immediately, he said, and the doctor, in sleeping clothing, let him in the house and told him that Mrs. Sutton had gone to Ventura.

Through King, Assistant Chief Deputy District Attorney Jordan established that three of Mrs. Sutton's house dresses were missing. He expects to prove that Dr. Westlake moved them to his own residence.

## BROTHER TESTIFIES

The only other witness called by the State yesterday was Emerson J. DeGraft, Mrs. Sutton's brother. He told of Mrs. Sutton deeding him the Westwood lot, and later requesting him to deed it to Dr. Westlake, after he had insisted on returning it to her. Later, he testified, she told him that the deed had not been recorded, and that "if anything happens to me, remember the lot will go to you."

Following her disappearance he saw King, and Westlake several times, he said, as they came to his house in Wilmar every time they

## NAVY WILL BUY AIRPLANES

Important additions to the Navy's part of the Navy's five-year program to have 1000 serviceable planes by 1932, will be powered with single 525-horsepower air-cooled motors and will be available either as land or seaplanes and also for service from the decks of aircraft carriers. They have been designed for long-range scouting operations as well as for bombing and torpedo attacks.

The new planes, which will be visited the San Gabriel Cemetery Westlake told him nothing regarding a will made by Mrs. Sutton or the bill of sale for the furniture. He agreed to bring DeGraft his safe deposit box with Mrs. Sutton's documents, but never did so, DeGraft declared.

DeGraft still was undergoing direct examination by Prosecutors Jordan and Stahlman when Judge Calbreth adjourned court for the day. He will resume the stand at 10 a.m. today for further examination.

## PROTESTS SCHEDULED

The City Council is scheduled to hear protests today against the ordinances of intention for the improvement of Tremaine avenue between Country Club Drive and Pico Boulevard, and the streets in the Archwood-street and Cedros-avenue district. Protests also were heard against the ordinance of intention for the lighting of Temple street between Benton Way and Robinson street.

Mrs. Avery, who had been a resident of Los Angeles for forty years, died Tuesday morning. Born in Waterloo, Mich., in 1855, she came to Los Angeles with her husband in 1889. She was a member of the Shell Club. Besides her husband, she leaves a son, Dr. Lewis Gordon Avery, and a daughter, Florence La-cile Avery.

## Last Tribute Paid at Church to Mrs. Avery

Score of friends and relatives paid last tribute at the Little Church of the Flowers yesterday to Mrs. Sarah Gordon Avery, wife of Moses N. Avery, vice-president and manager of the Guaranty office of the Security-First National Bank. The funeral services were followed by cremation at Forest Lawn Memorial Park.

## SOUTHERN HIGH COURT TERM ENDS

State Supreme Tribunal Hears Motions in More Than Hundred Cases

The State Supreme Court, headed by Chief Justice Waste, brought the June Los Angeles term to a close yesterday afternoon after having been in session here daily since Monday. In addition to hearing arguments on appeals for new trials in four criminal cases involving the death sentence, the court disposed of hearings in several disbarment and bar disciplinary cases involving Los Angeles attorneys. A total of forty-two candidates were admitted to the California bar at the opening session Monday.

During the term the court, sitting in bank, heard motions in more than a hundred cases now pending. The members of the court are Chief Justice Waste and Justices Sewell, Richards, Shank, Curtis, Preston and Langdon. They were scheduled to return last night to San Francisco.

England is taking much interest in the statement of those planning to rear reindeer, caribou and musk ox in Northern Canada that they will be able to supply meat at less cost than beef.

## Mrs. Canfield Amends Papers in Divorce Suit

Interference With Court Order Permitting Visits to Child Charged by Father

Amended pleadings in the divorce suit of Mrs. Pearl B. Canfield against Charles O. Canfield, son of the late Charles A. Canfield, oil millionaire, were filed yesterday, because de-murrers to her original complaint were sustained.

## HUSBAND SQUANDERED FORTUNE, WIFE SAYS

Clarence A. Terrill not only dissipated a wedding gift of \$100,000, but knocked two of his bride's teeth out, Mrs. Olive M. Terrill asserts in her divorce suit filed yesterday. Mrs. Terrill, who was married in Oak Park last May, says her husband at one time stayed drunk six months, and told mutual friends he would never be happy until he got rid of her. On May 31, last, she says, her husband left her destitute. Attorney David A. Hill filed the suit.

## TWO GIVEN CONTEMPT SENTENCES

Interference With Court Order Permitting Visits to Child Charged by Father

Nate Robinson and his sister-in-law, Mrs. Myrtle Tree, were sentenced to five days in jail yesterday by Superior Judge Baird for contempt of court for preventing Mrs. Tree's former husband, Emerson J. Tree, from seeing his 7-year-old daughter as provided in an order of court signed by Superior Judge Rosenkrantz.

Robinson was given the alternative of a fine of \$50. The sentence of the woman was suspended indefinitely. That of Robinson's was suspended for two years.

Three divorced his wife several years ago. She was given custody of the child with the provision that its father should be permitted to visit his little daughter every other Sunday. Recently, according to the complaint of Tree, he made a visit to his former wife's home and the child wasn't there. When he inquired about her, he asserted, Robinson told him to get out or "he would knock his block off."

Tree left and had his former wife and Robinson cited on the order to show cause.

## BEFORE SORROW COMES

THOSE OVERCOME WITH GRIEF are often in no condition to discuss or question the cost of funerals. This fact has undoubtedly resulted in some excesses on the part of funeral directors. PIERCE BROTHERS are operating one of the most beautifully equipped funeral establishments in the Southwest. While it is true that we serve a wealthy exacting patronage, we appreciate the fact that the great majority of people cannot, and should not buy expensive funerals. Furthermore, our interest in serving you is not in the slightest diminished when you select a moderately-priced service. No establishment in this city can serve you adequately at less expense than we. It is for this reason that our new Advisory Department has been established. We take conscientiously into consideration your circumstances in advising you what is appropriate and fitting. This department is maintained for your free consultation, whether you employ our services or not. A new booklet, "Before Sorrow Comes," explains fully our policies and gives helpful information when emergencies arise. We send it to you free on request.

### CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cooking in the lecture room of the Southwest Building, 130 South Broadway.

#### CHICKEN LIVER SAVORY

Saute two pairs of chicken livers in a little of the chicken fat, allow to cool, rub to a paste with two tablespoonfuls of thick cream, season highly with salt and paprika and add a tablespoonful of grated Parmesan cheese, spread thickly on rounds of unbuttered toast and keep warm; place in a saucepan two tablespoonfuls of cream, and one tablespoonful of grated cheese, slowly add to it one well beaten egg and stir constantly until thickened, pour over the toast and serve.

#### BASS AND GOOSEBERRIES

Chop fine two raw potatoes, one medium-sized onion chopped, and a small piece of garlic, and one tablespoonful of parsley, season with salt, pepper and a teaspoonful of chili powder, add one well-beaten egg and a teaspoonful of anchovy sauce; clean a medium-sized bass and fill with this dressing; place the fish in a baking pan and bake occasionally with a little butter or oil; and bake until tender; take two cupfuls of Spanish sauce, add to it one cupful of chili powder and stir over the toast and serve.

four tablespoonfuls of gooseberries, fifteen minutes before the fish is ready to serve pour this sauce over it, remove the fish to a hot platter, pour the sauce around it, garnish with slices of lemon and sprigs of parsley.

#### POTATO BEIGNETS

Beat into two cupfuls of mashed potatoes two well beaten eggs, two tablespoonfuls of grated cheese, three tablespoonfuls of flour, season with salt and paprika, beat hard and set aside for one hour; then drop by spoonfuls into hot shortening; when brown and well puffed, drain and serve hot.

#### ITALIAN STRING BEANS

String one pound of beans and cut into small pieces, cook in boiling water until tender, drain and season with butter, salt and paprika, place in a saucepan the well-beaten yolk of one egg, add one teaspoonful of flour and one tablespoonful of lemon juice, add half a cupful of meat stock and simmer gently until the sauce thickens; pour over the hot drained beans and allow to heat for one minute; be sure not to curdle the egg.

Mrs. Wyman does not reply to letters, but requests for recipes and other information may be sent to the department, PRACTICAL RECIPES, published every Friday. All letters to be addressed to Mrs. A. L. Wyman.

## CLUB NOTES

**Election of Officers**  
The Los Angeles Branch Council No. 10, Widows' Protective League, will conduct its annual election of officers at 8 p.m. this evening in the clubroom at 246 South Hill street, Veterans' Building.

A farewell dinner at the Carolina Pines Tea Room was given to honor Mrs. Sarah Arnold Rosen on the eve of her departure last Sunday for New York and Boston, and in recognition of her assistance in the campaign of the national organization for the restitution bill being sponsored before State legislatures throughout the nation, she was presented an emblem of the League. A copy of the restitution bill, of which Mrs. Lillian Pascal Day, founder of the league, is the author, was taken to Washington by Federal Judge Paul J. McCormack, for presentation before President Hoover's new commission, to which the judge has been appointed. The measure did not come before the committee in Sacramento, but one of its provisions, denying parole or probation to convicted swindlers who have been given the restitution of property to rightful owners, was incorporated at the last session as an amendment to a bill introduced by Senator C. C. Salinas, chairman of the Senate committee. This measure passed both houses and awaits the Governor's signature.

**Annual Luncheon**  
The Los Angeles chapter, Daughters of the American Colonists, will conduct its annual luncheon today at the Woman's Club. Arrangements are being made by Mrs. Robert T. Hoyt and an interesting program will be presented by Mrs. W. J. Miller. Among the guests of honor will be Mrs. Earl J. Fellows, national vice-president; Mrs. E. H. Whitaker and Mrs. F. D. Jackson of the Santa Barbara chapter. Delegates to the national convention in Washington, D. C., in April, Mrs. Alexander C. Smith and Mrs. Earl J. Fellows, will give reminiscences of the conference. A musical program will be given by Mrs. Katharine Melville Crocker, soloist, who will be accompanied by Mrs. Louis H. Jacques.

New officers of the organization for the coming club year are Mrs. Alexander C. Smith, president; Mrs. Robert T. Hoyt, first vice-regent; Miss Ida D. Myers, second vice-regent; Mrs. Lillian J. Floyd, recording secretary; Mrs. Alexander C. Smith, corresponding secretary; Miss Myrtle Allen, treasurer; Mrs. John E. Matthews, historian; Mrs. J. J. Fellows, chaplain; Mrs. Roscoe M. Breeden, Mrs. George M. Adams and Mrs. George T. Field, directors.

**First Club in Air**  
With Mrs. E. B. Wakeman, 92 years of age, as guest of honor, ten members of the travel section of the Hollywood Woman's Club will take to the air at 2 p.m. tomorrow afternoon, starting from the Glendale Airport. Mrs. Wakeman also will be a special guest, and others who wish to make reservations may do so with Mrs. Rollin B. Lane, chairman of the section. Mrs. Lane, founder of the junior auxiliary of the club, will entertain the officers with a luncheon at 1 p.m. Saturday, the 15th instant. She claims for the section the distinction of being the first club to fly as an organization.

**Annual Picnic**  
An annual picnic given by members of the Echo Park Mothers' Club for their families will take place this year at the citrus ranch of A. E. Christensen in Anaheim tomorrow afternoon. Mrs. Christensen has for many years been a member of the club. The large green lawn surrounding her home is being arranged for games and a picnic dinner will be served at 6 p.m.

**About the House**  
Gold tea is a good fertilizer for house plants. Beeswax may be used to fill cracks in furniture. Hard water may be softened with lemon juice, borax, or an oatmeal bag.

The cellar should be whitewashed at least once a year to keep it sweet and sanitary. Once a month clean your electric waffle iron with a thick paste made of three tablespoonfuls of baking soda and two teaspoonfuls of water, using a stiff brush.

The nutcracker comes in handy in the kitchen as a little wrench to open bottles and jars with screw tops. Even glass stoppers will yield to it.

**Wash It Well**  
Never give raw fruit to a child without first washing it. Not only may it contain germs from handling, but poisonous powders used to destroy insects may have fallen on it which would cause serious illness.

## A Complete Luncheon on one Plate

Salads like this appeal not only for the bridge party but for the quick luncheon, simply prepared and served.

Yet to be successful and completely satisfying, such a salad must have not only a nourishing foundation, but one of outstanding quality and individuality. That is why Red Rock Cottage Cheese is a particular favorite in this type of salad. Its creamy richness and quality flavor cannot be duplicated by substitutes.

# FIRST LADY PAID HONORS AT TEA

Mrs. Youngworth Honor Guest of Al Malaikah

Greeted 650 During Reception at Country Club

Party Taken for Visit to Huntington Gallery

To be the wife of the Imperial Potentate of the Ancient Arabic Order of Nobles of the Mystic Shrine is no insignificant responsibility in itself, and especially at such moments when it entails the greeting and handclapping of some 650 ladies who are anxious to pay their homage to the new first lady of the order.

But Mrs. Leo V. Youngworth yesterday demonstrated her qualifications for the position, when, as guest of honor at a tea given by the Al Malaikah Temple at the Los Angeles Country Club, she graciously received the ladies of the Imperial Council during the afternoon. The reception rooms of the club were festively decorated with garlands of flame-colored gladioli and blue delphinium, and music and entertainment were features of the occasion. Included in the program were Miss Wilma Love, Hawaiian dancer, and Rose Tribe and Emma Bush, Hawaiian singers, who came to Los Angeles from the islands especially for the Shrine convention.

**MRS. EDWARDS HOSTESS**  
Mrs. Le Roy M. Edwards, wife of the Al Malaikah Potentate, was the hostess of the afternoon and she received with Mrs. Youngworth. Serving with her on the committee for the tea were Mrs. Robert A. Heffner, Mrs. Horace S. Wilson, Mrs. R. H. Dyer, Mrs. Lewis A. Hauser, Mrs. Arthur Letta, Jr., and Mrs. C. Raymond Bradford.

Those who assisted at the tea table were Mrs. William Rhodes Harvey, Mrs. Robert Wankowski,

# WIRES HUM FOR POTENTATE

Youngworth Gets Messages of Congratulation; One Recalls Boyhood Memories

Flooded with telegrams from many parts of the country, Imperial Potentate Leo V. Youngworth of the Ancient Arabic Order of Nobles of the Mystic Shrine, paused in his perusal of them late yesterday afternoon, and visibly enjoyed a letter which he held.

"This takes me back to my boyhood from school. You look just the same, always smiling, but are a bit stouter."

"You may print it for I am sure that the schoolgirl friend of my boyhood will not object. I lived on Bunker Hill and attended the old school near California street and 'that isn't the half of it,' as the popular expression goes. I used to have a delivery route for The Times for the East Side section."

**PAPERS IN RIVER**  
"I remember one incident in particular, when I was attempting to cross the old Downey-avenue bridge. It was storming pretty badly and in the deluge the front wheel of my buckboard got entangled with another vehicle and over we went and my bundle of Sunday papers went in the river. It was a tragedy to me then and I smile when I hear the Brother Nobles bantering about 'it rains rain no mo' in Los Angeles."

"But here is the letter," he added: "R. L. Box 127 O Bakersfield, Cal."

"Dear Friend Leo: 'When I saw your picture in The Times the other day, it took me back to a good many years ago when you used to carry my books

motor trip through Pasadena and special arrangements had been made to take them to the Huntington Library and Art Gallery. After wandering through the Country Club grounds and resting upon its broad terraces, the ladies again took to their motor buses and returned to the Billmore for the banquet given in honor of the new Imperial Potentate, after which they went to the Coliseum for the election pageant."

**VISIT ART GALLERY**  
Proceeding the tea the ladies of the Imperial Council had been on a

# TWO DEAD, FOUR HURT IN MISHAPS

Girl Killed in Collision; Small Boy Crushed Under Backing Auto

Death took one twin sister in an automobile collision last night, while the second twin and three other persons were injured. The fatal crash occurred at Fickett and Malabar streets, where a light truck driven by Harold Brown, 20 years of age, of 2701 Polson street, and a sedan operated by Samuel Zebrack, 27, of 2244 1/2 Michigan avenue, collided. In the truck with Brown were Minnie and Frances Doyle, 16 years of age, of 2122 Sheridan street. When the truck overturned, Minnie Doyle's head was crushed between the vehicle and the curb, killing her. Frances and Brown were injured slightly, as also were Zebrack and his wife, Mrs. Sophie Zebrack. The injured were attended by Surgeon Jacob of the Georgia-street Receiving Hospital. Police of the Boyle Heights division started an investigation.

Frank Small, 4, of 343 East Sixty-first street, was injured fatally last night under the backing automobile of a neighbor. The boy died shortly afterward in the Southwestern Hospital. Detective Lieutenant Jones and Wingfield of the Seventy-seventh division reported that Frank was attempting to ride the rear bumper of a car operated by Mrs. Margaret Edwards of 343 East Sixty-first street. Unaware of the boy's hitching, Mrs. Edwards backed the car on her home driveway. The child's grip weakened, and he fell beneath the car, receiving injuries to skull and chest, causing his death.

Butterfly fish, found in West African waters, have wings as well as fins, and jump three or four feet out of water, then alight and glide along the surface.

# NOTED TRIO TO PLAY IN SATIRE

Lillian Roth, Recent Vanities Queen, Is With Lasky; 'Harry Lang's First With Roach Is 'Messenger'; Walter Catlett's Son May Enter Pictures

It seemed only natural that sooner or later satire would creep into talking pictures.

New Metro-Goldwyn-Mayer is announcing that Jack Gilbert, Norma Shearer and Lionel Barrymore will combine their talents in a novel Shakespearean sketch.

The sketch is a travesty on the modernization of "Romeo and Juliet," and is written by Joe Farnum, Gilbert and Shearer will be seen in the historic romantic roles, while Barrymore will take the part of a motion-picture director who is adapting the classic for the screen. By the way, it is often remarked how much Norma Shearer resembles the famous Mary Anderson, who played a Juliet two decades ago.

The three complete a most remarkable array of talent appearing in the revue, including Joan Crawford, Jean Harlow, and Charles King. Love, Cliff Edwards, Laurel and Hardy, Anita Page, Nita Ayer, Bronson, William Haines, Buster Keaton, Marie Dressler, Charles King, Polly Moran, Gus Edwards, Dane and Arthur and Owen Lee.

**BROADWAY FAVORITE SIGNS WITH LASKY**  
Another raid on Broadway has just been made by a Hollywood motion-picture studio. Paramount announced yesterday that Lillian Roth, New York beauty and featured actress in recent productions of the Vanities and Volleys, and before that a singing star in vaudeville, will be brought to the Coast for a featured role in the first original opera ever written for the talking-screen.

The production will be "The Love Parade," starring Maurice Chevalier and directed by Ernst Lubitsch. The story is from Ernest Vajda's adaptation of the play, "The Prince Consort." Guy Bolton is preparing the libretto, while Victor Schertzinger is writing the score.

Miss Roth, at present in the Vanities, is shortly to complete that engagement and will arrive in Hollywood within a fortnight.

**Harry Langdon's First**  
Rejoicing that he is to start work before the hot weather sets in, Harry Langdon is busy preparing for his first all-talking comedy under the Hal Roach banner. This comedy will be the first version of his vaudeville act, "The Messenger," in which you may quite likely have seen him recently, and in which he has been touring the country. In the picture he will play a messenger boy. Production will be started as soon as story and cast are completed.

Lewis R. Foster, who directed the first three Laurel and Hardy talk films, will wield the megaphone for the Langdon comedies. His first Roach picture will be Langdon's initial appearance before the microphone. With years of stage experience to his credit, the comedian is all set for the talkers. The comedies realized his first success in Bennett two-reelers. He left that organization to make a series of feature-length comedies for First National, following which he took a sabbatical year in vaudeville. Langdon is to make only short-reel comedies under his new Roach contract.

**Walter Catlett's Son, Too**  
Walter Catlett's handsome young 15-year-old son Richard has just arrived in Hollywood, and it is said, is being imbued with the spirit of the stage and screen. Richard has come down from his school at Carmel for his summer vacation, and is every chance in the world that he may prove himself a chip of the old block by appearing in a picture or two. He visited the Fox studios yesterday, where he craved the keenest interest in all the professional goings-on.

**Key Francis in 'Blindfold'**  
Katharine Francis, who was brought to Hollywood from New York by Paramount to appear in Clara Bow's latest picture, "Paid in Full," has received a new assignment. This is nothing less than a featured role as Zaida Paxton in "Blindfold," Arthur Train's satire on Park-avenue society. Miss Francis became known in New York when she occupied the role in the modern version of "Hamlet." This was her first stage experience.

**Bernard Steele Arrives**  
Bernard Steele, well-known Broadway stage director, arrived in Hollywood yesterday. He is under contract to Fox, and expects an assignment within the week. In the meantime he is looking about at the

**SCHOOL ANNOUNCED**  
Demonstration Classes Planned Under U.C.L.A. Auspices

To enrich the experience of children and keep them profitably employed for a part of the summer, a demonstration school will be conducted under the auspices of the University of California summer session in Los Angeles. The school will be in session during the mornings from July 1 to August 10 at the Training School Bungalows of U.C.L.A., 4259 Melrose avenue. There will be a nursery school group, kindergarten, and the first six grades.

Enrollment is limited and application should be made early to Prof. C. W. Waddell, University of California at Los Angeles.

**Chateau Du Val**  
now Open for Your Inspection

CHARMING Norman French architecture combined with unusual, modern French interiors, make the Chateau Du Val an apartment home of distinction and character.

Only a few of the many delightful features can be named here. Every apartment is luxuriously furnished with hand-carved French design furniture and silk damask overstuffed pieces; also Frigidaire and colored tile bathrooms with electric wall heaters. All kitchens, bedrooms and baths have Sanitas walls. The entire top floor is given over to studio apartments with 14-foot beamed ceilings and other unusual features. The large rear yard will provide a 9-hole putting course, and a beautifully landscaped and furnished garden for tea and bridge parties.

**Singles and Doubles**

Located at Ninth and Gramercy Place, three blocks west of Western Avenue, in the exclusive Wilshire district. ## NOTED BAND LEADER ARRIVES

Paul Whiteman to be Heard Here

Jan King Being Greeted by Carl Laemmle.

The Paul Whiteman special completed its transcontinental journey yesterday at 3 p.m., marking the return of the band leader to the Coast after an absence of nearly three years. With the party of seventy, besides Mr. Whiteman, were E. G. Weymouth, vice-president of the P. Lorillard Company, cigarette manufacturers and sponsor of the tour; J. P. Gillespie, manager for the band; Evelyn Pierce, Wampas Star of 1926, and Dr. Paul Feltz, motion-picture director, the latter two of whom boarded the Union Pacific train at San Bernardino with a Los Angeles group.

Completing a trip which included in its itinerary stops at fifteen of the leading cities of the United States, Whiteman and his players remained in this city only long enough to be escorted to Universal City, where a reception awaited them. They were met at the Santa Fe depot by Carl Laemmle and a group from the studio.

The band will fill a week's engagement in San Francisco beginning tomorrow, after which they will return to Los Angeles for a week at the Pantages preceding their debut in the talks.

The train left New York on the Pennsylvania Railroad May 24, the nine cars carrying thirty-three instrumentalists, six vocal soloists, six music arrangers, Mr. Whiteman's own staff of electricians and several writers.

Mr. Whiteman expressed his pleasure at seeing the city in its Shriners regalia. It was here, in 1918-19, he recalled that he first seriously attracted the attention of dancers to the Alexandria Hotel cafe, where his orchestra of nine played. Of his original staff, Bertie Groth, arranger, and Michael Fink, lines, banjoist, alone remain with him.

## MRS. REEVES RITES TO BE TOMORROW

Funeral for Mother of State Club Women's Chief Will be at Forest Lawn

Funeral services for Mrs. Eliza A. Reeves, mother of Mrs. W. W. Slayden, state president of the California Federation of Women's Clubs, who died Wednesday, will be conducted tomorrow at 10 a.m. from the Little Church of the Flowers at Forest Lawn Memorial Park. Rev. John S. Slayden, pastor of Temple Baptist Church, will officiate at the services, which will be followed by burial in Forest Lawn.

Mrs. Reeves, who was 83 years of age, died Wednesday evening at her daughter's home, 4245 Pasadena avenue, as the result of heart disease and other complications. She was taken ill in Santa Cruz in the early part of last May while attending the state convention of the California Federation of Women's Clubs with her daughter, and since that time had been practically bed-ridden.

She was a member of the Friday Morning Club and of Temple Baptist Church and maintained a keen interest in the activities of her two daughters, Mrs. Slayden and Mrs. Howard Reynolds, former president of the La Graciosa Women's Club.

Mrs. Reeves was born on a farm near Indianapolis and had lived in Los Angeles since 1885, coming here with her daughters from Chicago at that time. Until her illness she lived at her home, 711 North Bunker Hill avenue. Mrs. Slayden is a former president of the Highland Park Little Church and has held offices in the Friday Morning Club and Los Angeles District of the California Federation of Women's Clubs.

## SOME OF STORM DRAIN PROTESTS SUSTAINED

ASSERTED SELLER OF NARCOTICS ARRESTED

Manuel Cusum, who gave the address of 122 North Boyle avenue, was arrested yesterday at Hill and California streets by Federal Narcotic Agent Weliver on a charge of selling morphine illegally. It was reported that Cusum sold an injection, three grains of morphine for \$5. He was accused in a complaint filed before United States Commissioner Hagedorn with violating the Harrison Narcotic Act. Bail was fixed at \$500, in lieu of which he was placed in the County Jail.

## PHONE QUIZ STARTS TODAY

Rates, Charges, Rules and Practices of Company Here Will be Investigated

The State Railroad Commission today will launch its investigation into the question of telephone rates established by the Southern California Telephone Company to Los Angeles. A hearing which the commission expects will shed considerable light on the company's rates, charges, rules, contracts and practices has been set for 10 a.m. in the commission's courtroom, 810 Associated Realty Building. Commissioners Sawyer, Decote and Carr will hear the testimony and examine exhibits.

In order to determine what effect, if any, the rates of other telephone companies in Southern California may have upon existing Los Angeles rates charged by the Southern California company, the Pacific Telephone and Telegraph Company and the United States Long Distance Telephone and Telegraph Company have been joined by the commission with the local corporation in the

## LAWYERS CLASH IN USURY TRIAL

Motion to Dismiss Brings on Bitter Legal Fight

Argument Over Point Uses Entire Day in Court

Case Against Pair in Julian Deal Without Jury

The prosecution's brief case against Myer Brown, accused of two counts of usury in connection with the Julian Petroleum collapse, was followed yesterday by a bitter argument between Leon M. Brown and Harry M. Albert, defense attorneys, and Hugh Foster and Stanley Fox, prosecutors, over the defense motion to dismiss the case. Municipal Judge Pope, who is hearing the case without a jury, heard the arguments, which consumed the entire day, and took the motion under advisement until this morning for decision.

The two witnesses called by Foster declared that on October 11, 1928, Brown's bank account showed a withdrawal of \$12,250 in the form of a check made out to Jack Bennett, the "bright young man" of the Julian crash. A deposit of 1000 shares of Julian stock, valued at \$12.25 per share, was shown. Forty-five days later, they declared, Bennett's account showed a withdrawal of \$12,250, which was deposited to Brown's credit. The prosecution contended that \$3000 for the use of \$12,250 for forty-five days is prima facie evidence of usury.

Brown and Albert made their motion to dismiss without putting on testimony. They maintained that the transaction was merely a valid contract for the sale and repurchase of the 1000 shares of Julian stock, and that the added amount deposited merely showed a speculative profit. Foster in argument contended that the stock was security for the loan.

Samuel M. Benson, who recently pleaded guilty to three counts of usury, was fined \$500 yesterday by Municipal Judge Bogue. The total fine was \$750 or seventy-five days in jail, but the court suspended \$250 of the amount. Benson was able to prove that he has made restitution to the Julian receivers of the amount he admitted receiving in usurious interest on his loan.

## FIGHT OVER SITE DEAL POSTPONED

State Building Injunction Action Delayed Because of Attorneys' Absence

Because attorneys interested were busy in other courts, Superior Judge Gates yesterday postponed the injunction suit against the Board of Supervisors, and other officials, brought to block the purchase of the W. M. Humphreys property at First and Hill streets by the county as a site for the proposed \$2,500,000 state office building.

The hearing was set for next Monday morning, Leslie Saunders, owner of property at First and Olive streets, who was trying to sell his property for the state site, filed a lawsuit protesting the sale because he said it would cost too much. The Humphreys property was offered for \$400,000 and he said he was willing to buy it, but Saunders said incidental condemnation costs will be \$650,000 more.

Although county officials are ready to buy the Humphreys site, it was decided to defer action until after the injunction suit has been tried. County Counsel Mattoon and Assistant County Counsel O'Connor are representing the county, and the firm of McDonald & Thompson represents the plaintiff.

## EIGHT WILL BE AWARDED U.S.C. HONOR

Two Women and Six Men Will Receive Degrees for Outstanding Merit

Two women and six men will be given honorary degrees by the University of Southern California at its commencement exercises tomorrow afternoon in the Coliseum, according to an announcement of President R. K. McClintock. Alton Gentile, dramatic soprano and operatic star, will receive the degree of master of music, and Jane Bancroft Robinson, noted for research work in the study of French partimen, will receive the degree of doctor of laws.

Rev. Charles F. Aked, pastor of All Souls' Church, will be honored with the degree of doctor of letters, as will Prof. George A. Oge, author of several books on religious education. Thomas D. Campbell, inventor of grain dryers and methods for harvesting and threshing grain, who is to leave soon for Russia to supervise grain planting in that country, will receive the degree of doctor of engineering.

Rev. Merle Hughes Smith, longtime member of the S. C. board of trustees, will receive a doctor of law degree and Bartholomew F. Huske, recently appointed chaplain of the U. S. Naval Academy, will receive a doctor of divinity degree. Robert E. Cowan, reputed owner of the finest collection of Californian and noted bibliographer and California historian, will receive the degree of master of arts.

COURSES ANNOUNCED  
Six lectures afternoon and evening courses in sociology are included in the summer schedule of university college, University of Southern California, in the Transportation Building. The courses are: Fundamentals of sociology and urban sociology, by Prof. Martin Neumeyer; social psychology, by Prof. Youngman; criminology, by Dr. Earl F. Young; population problems, by Prof. Neumeyer; introduction to psychiatric case work, by Dr. Aaron Rosanoff. Further information regarding these summer courses may be secured on the thirteenth floor of the Transportation Building, or by calling TRinity 1701.

## SPEEDY TRIAL JUDGE'S RULE

Date Set by Court Must be Observed

Reckless Driver Fails to Appear

Verdict Returned and Day for Sentence Set

GLENDAL, June 6.—After a defendant and his attorney have been notified by Judge F. H. Lowe to appear in his court for trial and fail to do so without presenting reasons, the trial will proceed whether they appear or not.

Judge Lowe today ordered the trial of Joseph Elmore, 2343 Fair Oaks, Pasadena, to proceed, although neither Elmore nor his attorney, Arthur Elmore, his brother, appeared in court.

While this method is declared to be extremely rare in California jurisprudence, Judge Lowe holds that the law and precedent, as established by the highest courts in the state, permit the holding of a trial without the presence of defendant or attorney.

Elmore was charged with reckless driving after he is said to have collided with two cars standing in front of Harvard High School, recently, and when arrested by the police he was found hiding beneath the branches of a tree close to the school. His attorney telephoned Judge Lowe, asking for a continuance on the grounds that he wished to attend the Elmore celebration in Los Angeles, but the court held that the interests of the state were more important than Elmore's private plans and ordered the attorney and the defendant to appear today. When they failed to appear, the case was tried before a jury of twelve men, who returned a verdict of guilty after a few minutes deliberation, and Judge Lowe set to sentence.

Commenting on Elmore's plea for a continuance, Judge Lowe declared that "half the courts and judges in this state could be disposed of with the continuances, so many of which are granted without rhyme or reason, could be done."

## Delegation to Visit Governor

SANTA MONICA, June 6.—A large caravan of workers for the proposed Santa Monica-Los Angeles breakwater and recreational harbor in Santa Monica Bay, headed by Arthur A. Weber, author of the enabling legislation now before Gov. Young, which has passed both houses, will leave this week for Sacramento to urge the Governor to sign the bill.

Petitions carrying signatures of thousands of property owners in the proposed recreation harbor district, extending from Hollywood and Beverly Hills to the sea, will be presented to the state's chief executive, Mr. C. G. Murphy, of the state department of public works, and to the state's chief executive, Mr. C. G. Murphy, of the state department of public works, and to the state's chief executive, Mr. C. G. Murphy, of the state department of public works.

## Hunt Chosen for Beach Job

VENTURA, June 6.—J. R. Hunt, former secretary of the chambers of commerce at Norwalk and Brea, has been appointed secretary of the Ventura branch of the Los Angeles Chamber of Commerce, succeeding Earl W. Foster, who resigned to take up the post at Riverside.

W. D. Newcomb, Jr., elected to succeed Ben Scholte as chairman of the Ventura group, declared today that in the selection of Hunt the beach chamber has acquired a man of wide experience in chamber work. Secretary Arnold of the Los Angeles parent chamber, also gave Hunt a high commendation. The new secretary has handled large community undertakings, including management of the Orange county fair.

## INJURED LINEMAN REPORTED IMPROVING

SERRA MADRE, June 6.—It was believed today that P. G. Donald, lineman for the Edison company, will recover from injuries received Monday when a pole upon which he was working crashed to the ground.

The accident occurred on East Highland avenue while the crew of Edison men were replacing an old light pole with a new one. Donald was strapped to the pole when it broke off from the base and crashed with him to the ground. The lineman was saved from possible death due to the fact that he was working at the top of the pole near the cross-arm, which held the heavy timber from falling on him when it forcibly struck the ground.

The accident was attributed to the pole rotting at the base.

## ANNUAL FLOWER SHOW LOSETTA, June 6.—The first annual flower and vegetable show of the Narbonne-avenue school will open tomorrow. The entrants are for the most part products of the school garden and a junction in the school cafeteria is to precede the flower show.

## THREE CARS IN SMASH-UP

Three Persons Near Death in San Diego Hospital as Result of Accident

SAN DIEGO, June 6.—Three persons injured critically in a triple car crash at Fairmount avenue and Market street last night were reported to be near death in the San Diego Hospital and Clinic today.

The victims whose conditions are regarded as critical are William Sise, 19 years of age, 1043 F street; Jean F. Sise, 21, same address, and J. W. Greenfield, 1463 Lincoln street. Each is suffering from a basal fracture of the skull and multiple other injuries. Clause Bress, 1247 Forty-second street, received a fracture of the left collar-bone; Richard P. Fisher, 20, 1043 F street, received injuries to the neck and shoulder and an unknown woman, thought to be a Mrs. Harrison, received injuries of an undetermined extent. She died following the crash and was being sought today by police.

Motor Officer Tom Remington, who investigated the crash, said it occurred when a car driven by Jean Sise approached the intersection from the east on Market street, while another driven by Breece approached on Fairmount from the north. Failing to observe the boulevard stop, witnesses said, Breece's machine, containing the unidentified woman, struck Sise's car and knocked it into the air.

Sise's car fell on the radiator of another automobile driven by Dr. F. B. Steele, U.S.S. Moody, which had come to a halt near the intersection. Occupants in Dr. Steele's car, who escaped injury, were Mrs. Helen Morrell, 2443 A street, and Peggy Person, 11, same address.

John Ramsey, 12, 5392 Pershing avenue, fell from his bicycle on Pershing Drive, near the municipal golf links, late yesterday and received slight concussion of the brain and a fractured wrist, police said. The youth is recovering in the Mercy Hospital.

## Native Son Dies Suddenly

BRYN MAWR, June 6.—Mark L. Frank, native of San Bernardino county, and a resident of the Mission district where he lived on one ranch on Mission Road between Mission Packing House and Mission School for sixty-three years, died suddenly at Ramona Hospital.

Early in May he underwent an operation at the hospital and despite his age his condition was most encouraging. In fact plans had been made to bring him to his home today. This morning he suffered a stroke and died within a short time. Mr. Frank was born near San Bernardino sixty-nine years ago and came to the mission district with his parents when he was 6 years of age. He lived on the same ranch the rest of his life, was always interested in the affairs of the district, served as a school trustee and took an active part in all community affairs. He owned and operated successfully one of the fine orange groves of the district.

He is survived by his wife and two daughters and two sons. The daughters are Mrs. C. A. Murphy of Mission and Mrs. Fred Watkins of San Bernardino. The sons are Milton J. Frank and Howard Frank of Mission.

## Police Raid in Beach City

SANTA MONICA, June 6.—Dice and chips were confiscated last night when Police Chief Webb's men made a raid on an alleged gambling establishment at Pier Avenue and Speedway, Ocean Park. Three blackjack tables and other games, along with 700 in money, were taken by the raiding police as evidence. Four men arrested were W. A. Davis, retired business man, of 3007 Girard street, Los Angeles; William Moore, doctor, Ocean Park; A. Steiner, 6225 North Kingsley street, Los Angeles, and P. B. Beebe, 241 East Thirtieth street, Los Angeles, a cook, who said he was merely a waiter. For a day the officers admitted they were connected with the establishment, David as manager and the other two employees. They were released on bail. Detectives Carrillo, Watson and Greer "spotted" the "layout" and were with Chief Webb when the raid was made.

## Jail Sentence for Bootlegger

BRYN MAWR, June 6.—Robert Johnson, with a list of many aliases, charged by Redlands police with having furnished liquor to boys and girls of that city, was sent to the County Jail for 90 days by Judge A. B. McCarty. Johnson operated a little restaurant just outside the city and was arrested by police there one night when the place was full of boys. Possession was charged. Liquor was found hidden in the place. Johnson escaped from the Louisiana penitentiary, according to information secured by Sheriff Shay, and has been arrested many times for assault, for forgery and on other charges.

## TRUCK DRIVER MAKES QUICK DECISION

ONTARIO, June 6.—Faced with the choice of running his ten-ton truck into another truck, a sedan or a light pole, J. J. Landreth, Redlands driver, chose a target clear of the highway and plowed his heavy vehicle into the Frank Moran pipe yards shortly after noon today and smashed fifty sections of concrete pipe and wrecked his truck.

Liquor was found hidden in a lighter truck, and H. C. Kirkpatrick in a sedan, arrived at an intersection in East A street at the same time as Landreth's ten-ton vehicle. Landreth swerved his truck so it went over the curb and caused havoc in the pipe yard. No one was injured.

## Plan Submitted for Remodeling Police Station

SAN DIEGO, June 6.—Plans for a sweeping rehabilitation of the Central Police Station will be submitted to the City Council next Monday for approval, Chief of Police Arthur Hill declared today. The remodeling, which will entail the expenditure of several thousands of dollars, will bring about the return of the traffic bureau from its present location at Third and G streets and will centralize executive offices upstairs in the present police building. Tentative plans call for the removal of many partitions on the ground floor of the building and the placing there at a position easily accessible to the public, the traffic bureau and the complaint and report desk.

Since Chief of Police Hill took office about May 6, he has announced himself as opposed to the present arrangement of the offices in the building. He declared that the removal of the traffic division to quarters more than a block away had caused a drop in efficiency and that he has planned for its return to close proximity to other departments of the police station.

When former Chief Joseph Deran took office more than two years ago, slight remodeling of the building altered many of the offices. The present proposed changes are approved by experts from the city building office and Chief Hill hopes they are of a permanent character.

## Speed Demons of the Deep

When the Starter Waves His Flag Fast crafts thunder after honors of fluid track.

## Pomona School Recipient of Costly Gift

CLAREMONT, June 6.—Claremont College has announced an anonymous gift for a Claremont College infirmary to provide for the medical needs of the students of collegiate institutions here, coincident with the announcement by Dr. Charles Keyser Edmunds, president of Pomona College, that the sum of \$60,000 of the Margaret J. Harwood memorial fund, previously held available for an infirmary, had been turned over to endowment for scholarships for Pomona College.

It is hoped that construction may begin on the new infirmary within the near future so that it will be available to students soon after the opening of college next September. It will have facilities for approximately twenty beds and will be equipped with the most modern equipment.

## COMMEMORATION WEEK AT STATE COLLEGE

SANTA BARBARA, June 6.—Seniors of Santa Barbara State College will open their annual commemoration week activities tomorrow night at Rockwood in Mission Canyon with the annual senior ball. The affair will be in charge of Miss Thelma Morgan.

The final chapter of the series of exercises for the graduates will be held Sunday at 4:30 p.m. in the college court when the baccalaureate sermon will be delivered by the Rev. E. P. Darr, pastor of the First Unitarian Church. The president's reception of faculty members and graduates will take place in the hall, 1014 Diego Road, Wednesday, the 12th inst., from 4 to 6 o'clock.

Class day exercises will be held in El Patio on Thursday, the 13th inst., with a banquet at 7 o'clock. The affair will be in the form of a "college Olympiad," with the various "athletes" striving for the events for which they are scheduled. Speakers will be Paul E. Stewart, City Superintendent of Schools, "On the Side Lines," Miss Katherine King, "The One Hundred Yard Dash," Miss Luella Thurmond, "The Broad Jump," Mrs. Zelma Pierce, "The High Hurdle," Fred Alfred, "The Discus Throw," and President Clarence L. Phelps, "The Awards." A social hour, "Time Out," will be in charge of Miss Clara Farwell. George Brown will be the referee.

The commencement exercises will be held in the college court Friday, the 14th inst., at 11 a.m.

## TOASTMASTER CLUBS DECLARE VACATION

ONTARIO, June 6.—Both of Ontario's Toastmaster Clubs last night closed their books of big words and suspended orations and speech-making until the opening of school in the fall. The clubs have been meeting weekly for the past three years, except during the summer months. Harold T. Wilson was elected vice-president of Club No. 1; Francis Jensen was elected secretary, and Ole Snyder treasurer. Harry Cook was retained in office as president. Dr. F. F. Abbott is president of Club No. 2.

## Speed Demons of the Deep

VENICE, June 6.—Minor changes being made in the course and increasing of parking facilities, in anticipation of a record crowd this Sunday, were being rushed today at the new Venice Motor Boat Speedway, on Washington Boulevard just east of here. Final arrangements will be completed tomorrow for the second outboard motor-boat racing program there on Sunday, where the outboard sport made its inaugural local bow last week.

Bright prospects of the program this Sunday being even more spectacular than the opening races through entries just received from a number of pilots not on hand for the inaugural event were disclosed today in an announcement from the speedway officials that the showing of H. O. Ferguson in his Blue Streak last week has speeded the entries of others of the Southland's leading outboard drivers.

The speedy Ferguson, holder of the world's outboard record for a five-mile straightaway, turned one of the ten-lap, five-mile events in 7m. 5s. at the inaugural, which is close to record time for a closed course.

## BOAT RACES SUNDAY

Outboard Racers Strive to Take Laurels from Bow of Champion

But Al Thompson, pilot of the Black Maria, and Floyd Pierce in his Miss Mainor, are leaving no stone unturned in their preparations to show their heels to Ferguson Sunday.

Thompson ran into a lot of hard luck in the opening races, as did Raymond Turnbull, 14-year-old outboard pilot, who was well out in front in the first race, only to spill on the south turn with victory almost in sight. Thompson spilled on the north turn while leading Ferguson in the final event.

Qualifying trials will be run off in the morning Sunday, with the first competitive events to get under way promptly at 2 in the afternoon.

## APPEAL IS MADE TO SECRETARY

Calexico Merchants Ask for Additional Inspectors at Mexican Border

CALEXICO, June 6.—In response to an appeal from local business men, Robert C. White, assistant Secretary of Labor, during a conference here this afternoon, gave assent to the request for additional inspectors at the Calexico border.

Today's meeting was arranged by Secretary Leo Watts of the Chamber of Commerce, at the request of merchants, who complained that Mexican shippers were prevented from entering the United States to do their trading because the local inspection force at the immigration office is not able to handle the increased volume of traffic.

These permits are required of all Mexicans who enter the United States for trading purposes. Speaking for the business interests here, Mayor A. Mercer pointed out the tightening of immigration restrictions along the border recently has seriously affected business on the American side of the line. He said that there was no intention on the part of American citizens here to seek violation of the law, but on the far Mexican side of the line, it is desired that they be given all possible freedom in passing through the international gateway.

White replied that he would endeavor to place enough added inspectors on duty to prevent delays on the part of those crossing to the American side.

The assistant Secretary was Thomas R. Shoemaker, deputy commissioner of naturalization, and Walter R. Carr, director of immigration in the Los Angeles district.

Following the conference the visiting officials left for Los Angeles and San Francisco.

## Bather's Body Washed Ashore

VENTURA, June 6.—The body of Allen Moore, 33 years of age, motion-picture cameraman who was drowned off Avenue 30 last Thursday, came ashore today at the foot of Laguna Boulevard, according to a police report.

Moore was last seen when friends heard his cry for help after he had gone into the water with a surf board. He was apparently seized with cramps, for he disappeared immediately. He was said to have been a good swimmer. Police took charge of the body pending funeral arrangements by relatives.

He lived at 18 Avenue 24, Ventura, and the body was discovered early this morning by Tony D. Sampson of Ventura.

## CALTECH GRADUATION

Eight States and Four Foreign Countries Represented in Senior Class

PASADENA, June 6.—Eight states and four foreign countries are represented by 120 young scientists on whom degrees will be conferred at 4:30 p.m. tomorrow when the annual public commencement exercises of the California Institute of Technology will be held on the campus in the court between Dabney Hall of Humanities and Gates Chemical Laboratory.

Although the class of eighty-six men who will receive the degree of bachelor of science is not the largest to be graduated from the institute, the scholarship of the group is ascertained by faculty members to have exceeded the average of former classes. Twenty-one graduates students will receive the degree of master of science and twenty-two of the largest number in the technical institute's history will win the degree of doctor of philosophy.

States represented by those who will receive diplomas are, besides California, New York, Michigan, Iowa, Utah, Arizona, West Virginia, Colorado and Wyoming. Foreign countries represented are China, Denmark, Norway and Holland.

"The Scientist and the Engineer as Citizens" will be the subject of the commencement address to be given by Dr. Frank B. Jewett of New York, vice-president of the American Telephone and Telegraph Company, a native of this city and a graduate of Throop Polytechnic Institute which preceded the California Institute of Technology.

Dr. Jewett received his Ph.D. degree from the University of Chicago under Dr. Robert A. Millikan, now head of the California Institute.

The customary class-day exercises at the institute were climaxed this afternoon when honor keys were presented to students who have distinguished themselves for campus activities. Those who were honored were:

Seniors—Harian Aquilar, Fred Cline, Alphonse Cramer, Sprague de Camp, James Dunham, Thomas E.

Junior—Franklin Crawford, Fred Scott and Sidney Ziper.

Freshmen—Barker Bates, Clark Goodman and John Chambers.

## NEW HIGHWAY TO MOUNTAIN

Government Aids San Diego County With Recreation Camps

SAN DIEGO, June 6.—New mountain roads, totaling today to Laguna road, sixty miles east of San Diego, are being developed by the Cleveland National Forest of San Diego county in a scale which promises greater accessibility to the area.

But also for protection from forest fires and for the recreation of the area. The project is being carried on by the U.S. Forest Service, under the direction of the office of L. A. Anderson, visitor, Cleveland area.

Briefly the project is construction of a new road, 60 miles long, from the Cleveland National Forest to the San Diego county line, and the construction of a new road, 60 miles long, from the Cleveland National Forest to the San Diego county line, and the construction of a new road, 60 miles long, from the Cleveland National Forest to the San Diego county line.

## Pioneer Day Fair

ANAHIM, June 6.—County Fair will be held at the Pioneer Day Fairgrounds, Anahim, California, from June 7 to 10.

The fair is being held at the Pioneer Day Fairgrounds, Anahim, California, from June 7 to 10.

## VENTURA MERCHANT SUDDENLY STRICKEN

VENTURA, June 6.—J. E. Hirschfelder, Ventura shoe merchant and member of the Planning Commission, has been laid at the Glendale Sanatorium in Glendale, California, with a sudden intestinal ailment.

Hirschfelder left Ventura about two weeks ago on a trip to Chicago, St. Louis and Houston, Tex. At the time he was expected to visit his mother city.

He had just reached Colorado Springs when he was taken suddenly and seriously ill. He is now past crisis, but will not leave the sanatorium for a few days. He expects to go directly to Houston when able, emitting the rest of his planned itinerary.

## PACKER LEASES OLD SUGAR PLANT

ANAHIM, June 6.—Promising industrial development for Anaheim, A. Glendon, New Orleans fruit dealer and cannery, today took an eight-month lease with option to buy on the old Anaheim Sugar Company plant. The lease calls for 700 square feet of floor space in the building and for the six boilers remaining at the plant.

## OFFICERS FOR LIONS

HUNTINGTON PARK, June 6.—New officers have been selected by the Lions Club of Huntington Park to begin their official duties at the first meeting to be held in June. Dr. T. J. De Vaughn has been elected president, Bert M. Jones, first vice-president, Charles Ruby, second vice-president, Joe Epich, full treasurer, and Herbert Le. Full treasurer. Howard Seybold has been re-elected as secretary-treasurer for another year. Hugh Wright was chosen as trustee for three years and Howard Carlos for two years. The installation will be held on the night of the 25th inst.

VENTURA, June 6.—T. E. Cummins has been elected president of the Ventura Legion Post, which is the largest of the post in the county.
